Summary: In the small town of Berk, there lived a young lad named Harry "Hiccup" Horrendous Haddock III. He was your resident nerd and all around target for the bullies. Now I bet you're asking why I'm telling you this. Well it's because he wasn't your ordinary nerd he's the most famous singer of all time called "Night Fury". But nobody knows who was under the mask...until now.

1. The Dragon

**Disclaimer: I do not own HTTYD **

**A/N: So this is the same chapter only with a couple of changes. The next few chapters will however be VERY different. I intend to use the original script that I made up before doing this. Don't worry it's just as good as the last one and may be probably longer :) And the chapters are going up one by one so this is the first one :) and I can only use the pc on the weekends and school is being incredibly harsh-- soâ€¦|. There won't be much updates **

**And yes the club is sorta big in my mind LOL**

This is Berk, a small town off the coast of North Carolina. This is where I live, it's a small town but they mean well. Most towns have athletes, dancing or painters we have SINGERS!

My name is Harry "Hiccup" Haddock, great name I know but it's not the worst, most bullies believe an ugly _name_ will attract more people to either bully you or make you popular. So if you haven't guessed it yet I'm the town's resident loser which is ironic because my dad is the mayor of this town which doesn't really make sense on why I'm the most 'wanted' kid to the bullies. But what they don't know I have a secret, I'm the famous singer known as "Night Fury", Always stay in tune, never shows himself and NEVER misses a beat. It all started when I was 5, my mom played a song and apparently if the stories are real I started singing like an angel. So my mom taught me how to sing

since she was a singer when she and dad met. Sadly when I was 13 my mom got killed by a drunk driver, the driver got charge for drunk driving and murder but that doesn't make up for the pain he left. My dad told me to stop pursuing my dreams as a singer and follow his steps as a lawyer to be the next successful mayor. You see in my dad's eyes I'm a failure, he thinks he can destroy the dreams mom set for me but I never did believe that. So now I'm glad I never listened to him, cause if I did I wouldn't be at "The Dragon's Nest" which is where I work/sing. My uncle Gobber owns the place, he's the only one who knows my identity since I wear a hoodie wearing a mask that looks like the one the _Jabbawockeez _wore

"Hey Gobber" I greeted him. Gobber wore his usual yellow pirate like shirt and had his vest on. He's bald but still had some of his blond hair around the sides of his head, sorta like Homer Simpson. He has lost some of his limbs due to him being in the Army before

"Oh hello there lad, good for ya to join tha party, I thought yer dad grounded ye" he replied

"Oh please he couldn't stop me from singing" I said with a smirk

"Whatevah, Toothless is waitin for ya in yer dressing room for the usual pep talk" he said without looking up from whatever he was doing

"Sure thanks gobber" I told him as I made my way through the corridors and entered my dressing room only to find Toothless sitting in my chair. Toothless was around his late twenties and had a very faint 9 o' clock shadow. He had green eyes that pierce through your very soul and short hair **(I imagine a Neo from the matrix sorta style).** He was wearing his usual Black open buttoned suit with a black under shirt

"Hiccup, you're late" Toothless greeted as I walked in the dressing room

"Yeah, yeah I know" I told him as I changed into my usual attire. When I was done I turned to him and readied myself for the usual pep talk

"Just get out there, sing your hearts out and you'll be fine"

"Sure whatever" I said pulling my mask lower to fully hide my identity

**Astrid's POV**

"Oh man I can't wait to finally see 'Night Fury' right Astrid?" Ruffnut asked

Her name is actually Rolanda but she prefers Ruffnut to avoid her ugly name. She usually wears her hair in braids and has a more triangular face than her brother

"Heck yeah! I hear his singing is legendary" I replied with excitement

_Oh man I'm soo excited to see him, he's like the greatest singer

I've ever heard! Sadly he never sings any of his own songs and only does cover songs. Nobody ever seen his face too, wouldn't it be cool to actually see his face!_

"Hah! Guys we all heard him, and I know we can all agree that my singing is better than his" Snotlout said

Snotlout's real name is Simon but he thinks it's too geeky for him. He's the star athlete in Berk High and a real jerk! He's so full of himself and such but he is popular so I guess that clarifies him to be in our group. According to the cheerleaders Snotlout is a total hottie super bomb and that me and him are bound to end up in each other's armsâ€|. In his DREAMS! He has long spikey brown hair that goes all over the place

"Yeah right, dude you've seen the videos he's like a legend" argued Tuffnut.

Tuffnut's real name is Terry but like his twin Ruffnut he wants to hide the ugly name. He and his sister are the school's Royal Pranksters, like how Fred and George are the star pranksters in Hogwarts. He has long blond hair just like he's sister and has a more roundish shape of a head than his sister

"I heard he got his name from one of the rarest dragons" replied Fishleggs

_Fredrick is Fishleggs's real name, when he was in 4__th__ grade a fish got in his pants and the people just started calling him that. He's the school's resident nerd, he got into our group because he is the school's quarter back and he was pretty fun to be around. He has short blond hair and unlike the usual nerd style his is a bit messed up_

_My real name is Amanda but I really prefer the name Astrid because it's Norse for 'Divine Beauty' and according to most guys 'I have face was one to rival Freya the goddess of beauty' or something like that. I'm the captain of the girls' volleyball team and singleâ€|.SHOCKER right? The most wanted girl in school is single.

—

"Whatever I still wanna see this Snotlout wanna be in action!" Snotlout said interrupting my thoughts

"Pfft, who wants to be a "Snotlout wanna be? Oh that's right no one! In fact maybe you're the wanna be" I mocked

"Heh, yeah right" he said trying hard to mask the truth

"Guys were here so stop arguing!" Ruffnut yelled as we paid our tickets.

0000000

"Oh man were here!" she whispered excitedly. The club was designed like a dim lighted cavern with 'Lava' dripping down the walls. The stage was designed like a GIANT MONSTROUS DRAGON! With its mouth serving as the main stage. There was an 18 and above section of the club where they served cocktails and stuff. The seats looked like slabs of rocks, they were soft but looked like rocks. There were VIP

privileges wherein you have to pay 100 bucks per head but you get to go backstage, and possibly meet 'Night Fury' but no one has ever seen him.

"I know right! C'mon let's go find some seats" I replied as we made our way towards the seats. The lights started to dim and the club's owner came out

"Alright! Who here is ready to hear 'Night Fury' sing?" the owner Gobber asked the roaring crowd. With a happy smile Gobber walked off the platform and the music started playing, we quickly got out our phones and started recording.

"Oh wow there he is!" I shouted happily when some smoke appeared on stage, but to everyone's surprise he wasn't there!

"Where is he?" I asked my friend Ruffnut. Suddenly I heard a piercing scream and an explosion was heard behind us. You know what happened next? The 'Night Fury' came out.

He was wearing a long sleeved brown hoodie and had a dark green under shirt. He had brown pants and a black mask that prevents us from seeing his face, and his hoodie wasn't helping either. He started to dance a bit and boy was he amazing!

**(Just listen/search on youtube for the song "Some Nights" I can't really post the lyrics sadly)**

Suddenly he kneels right in front of me and offered a rose! All the girls were screaming especially Ruffnut who I swear broke my eardrums. I tried to see his face but all I got to see were his eyes, those big green eyes that winked at me. He got up and started making his way towards the stage. I didn't really pay attention to the song anymore because my mind was filled with thoughts of those eyes. Where have I seen them before?

**Hiccup's POV**

As the performance ended I went back stage and straight to my dressing room. I was surprised to see Toothless there, he doesn't usually stay in my room

"Hiccup, I never saw you give a rose to someone before. What was that all about?" Toothless asked as I undressed

"Oh it's no one really" I lied. Oh man I gave a rose to a girl and it wasn't just any girl, it was Astrid! She has been my crush for a long, long time.

"Hiccup I know you mean well and you're my best pal but remember the saying told you when we met?"

"Of course I do!"

(Flashback)

I was walking down the streets, right after my dad talked to me about stopping my dreams. I was so angry, How could he? My own father. It was raining that time, what a perfect scenario if this was a movie right?

I stopped at a local bar, wish I hadn't though cause right as I got in I got attacked by a drunk guy that thought I was someone who hurt him in the past! I was pretty beaten up but luckily someone saved me

"_You alright kid?" he asked _

"_Yeah thanks mister" I replied that's when I saw his face_

"_Oh my gosh! You're Toothless, You're like my favorite singer!" I shouted in glee_

"_Well thanks kid but that's not me anymore, I gave up on singing" he said sadly_

"_What?! But why?" I said disapointed_

"_Because, all that fame and glory can get to you! People use you for your money, when they used it all up they leave you, you get lonely and depressed, you start drinking, you're love for music is gone and you've got nothing" he said sadly. I then thought up a plan_

"_Well, why don't you teach me?" I said with hope_

"_What?"_

"_I said what if you teach me! You can be my coach/manager"_

"_Thanks kid but you just might be like the others."_

"_You mean the ones that use you? I'm not like that Toothless, just please give me a chance" I said with pleading eyes_

"_Alright I'll teach you, I can see you got potential kid"_

"_Really?" I said happily _

"_Yeah just remember this: if you blow this, consider me dead" he said with a hint of a threat in that sentence which made me want to make him more proud_

"_Ok" I said determined_

(End of Flashback)

"If you blow this consider me dead" I replied

"Good boy, now run along or your dad might get mad again" He replied ruffling my hair

"Sure thing Toothless" I said leaving the room

**A/N: Hey guys! So like I said some chapters will stay the same with some minor differences but some of them will have MAJOR differences. This is the first chapter and the rest will come out soon. That's it bye!**

**BTW who here is excited about Defenders of Berk? I know I am, they said that there will be a dragons only episode and reveal more about Hiccup's mom and Astrid's family! Squeal. **

2. The Project

Disclaimer: Guess what? I still don't own it

Guys guess what some more? This is the first very new chapter WHOOOO

And I totes forgot to thank Drago829 for Hiccup's stage name! so yeahâ€¦ thanks pal

"Hey dad" I greeted him as I got home. He was at the couch watching a comedy

"Why so late son?" He asked, like he actually cared

"I just helped Gobber with something" I said dropping my bag at the door and made a beeline to the fridge

"Just keep helping him at auto shop and you'll be havin muscles already" he said eyes not leaving the screen

"Yeahâ€¦sure" I said sipping some milk. Awkward silence filled the atmosphere and the only sound heard was the movie

"Well I guess I'll be in my room, night dad" I said seeing that there wouldn't be any more to talk about I started my way up when my dad stopped me

"Harry, I finally got ye in that class" he said pausing the movie looking at me smiling

"What class dad?" I said slowly making my way down

"Well you're already passing in History, Geometry and those other subjects but you're still missing Legal Stu. And we all know that you need that to follow in my footsteps" He told me

"Oh, rightâ€¦." I said sadly heading up the stairs as my dad turned his attention back to the movie.

"Arg! Why doesn't he want me to be like mom" I yelled quietly as I jumped on the bed and slowly drifted to sleep

000000

Radio plays '_It's Friday'_

A hand finally stops the Horrible Music **(I secretly like the music O_O)**

_Uhh, is it finally Friday? _Hiccup thought as he got out of bed and went to the bathroom to take a looâ€¦.just kidding but seriously he went to the bathroom

A few minutes laterâ€¦.

Hiccup finally comes out and starts to dress, he wore a black shirt that says 'Night Fury' and some jeans. He walked out his room and went to school

0000

It was 7:50 when Hiccup got to school, he would have gotten there earlier but he wouldn't dare ride the school bus unless he really needed to and face the consequences

"Hey Useless!" Snotlout called out with the twins, Fishleggs and Astrid hanging at the entrance of school

"Hey Snot, how ya been?" Hiccup said sarcastically

"Where did you get that T-shirt? It doesn't fit you at all" Snotlout replied walking towards Hiccup with an evil smirk

"I uh got at the club! I uh happen to go there once and they handed out free T-shirts for a limited time only" Hiccup covered with a lie, the T-shirt was actually the shirt he wore when he first debut in the club

"Still doesn't look good on ya cousin, what do you think Tuff?" He said asking the male twin

"I think this would help" he said throwing dirt on the shirt making it dirty

"Now that's better! Seeya later Hic" Snotlout slapping Hiccup's head. Scowling Hiccup got up and went straight to his locker to grab his black jacket that Toothless gave him for his Birthday.

Why am I keeping my identity a secret again? Hiccup sadly thought as he walked to his first class. He sat down to the only available desk. The desk right next to Astrid. _Just great!_ Hiccup thought as he ignored the glare Astrid sent him. It wasn't like Astrid liked him or anything, to be honest she used to have a crush on him when they were younger, but that all changed when his mom died. His friends started to abandon him including her and started to bully her. Her crush on him never faded though but due to her reputation, dating him would be bad for her image, but the fact that Hiccup started getting handsomer as he reached puberty wasn't helping her trying to bury her feeling for him. So she just glare at him and ignore him that way everybody wins except Hiccup.

"Good morning class!" Ms. Corona greeted the class. The class just replied with a faint 'Mornin'

"So today I have a VERY special project planned for you guys!" she announced successfully gaining everybody's attention

"As you all know a talent agent will be coming to school to look for any 'Fresh Talent' and according to Principle Frost I was told to do this. So this hat contains all of your names written in paper and I will be pairing you guys up! And you will be performing a song" she explained.

"So the first pair is." She said reaching in the hat. _Please not

Astrid, please oh please not Astrid _Hiccup thought, it wasn't like he didn't want to be paired up with Astrid it's justâ€¦

"Harry and Amanda" she announced. Everyone gasped, the guys were glaring at Hiccup while the girls were giving Astrid a pitied look.

000000

"This is just great! Having Astrid for my partner is-"Hiccup said walking towards the court for PE, unbeknownst to him Astrid was right behind him

"Having me for a partner is what Hiccup?" she said glaring a bit

"A-Astrid hi Astrid, Hello. I um, having you as a partner isâ€¦ uhâ€¦ great! Just fantastic" Hiccup stuttered

Real smooth Hiccup, she must be begging for you now Hiccup sadly thought

"Sureâ€¦.. Just make sure you don't screw up Haddock." She said running past him

"Yeah, sure" he muttered quietly. Then a thought came to him

_Shit! I have to sing! Which means I have to blow my cover! Fuuuuu
_Hiccup yelled in his mind

00000

It was 2:30 and there was one more class left before the weekends start! So it was not surprising as a certain blond headed to her locker. As she opened it she noticed a note flew out and read:

_Dear Astrid, _

I have admired you from afar way too long and I cannot contain my love for you anymore.

_Tomorrow a surprise awaits you at this very locker at dismissal time on Monday. _

Signed

NightFlight

NightFlight? Astrid thought dismissing it as another admirer and tomorrow he will probably just show himself and expect them to kiss or whatever. But for some odd reason Astrid felt different this time, as if something unexpected was going to happen.

"Yo Ast, you coming or what?" Ruffnut called out interrupting Astrid's thoughts

"Yeah, I'm coming" she answered running towards the female twinâ€¦. Only to run into Hiccup by accident

"Ugh, Hiccup get out of my way!" she shouted not giving a single damn

about the boy

"Geez sorry" he said rubbing his head and for the first time Astrid got a good look at his eyes, big and green. Why does it seem so familiar? Astrid thought

"Uhh Astrid?" Hiccup said blushing. He caught Astrid staring at his eyes and felt slightly uncomfortable

"Uh right! See ya around Hic" she said blushing slightly running towards the classroom leaving a blushing Hiccup on the ground

3. LA

**Disclaimer: Yeah, don't own it **

The next day â€¦.

ROAR *ROAR* *ROAR*

Is it Monday already? Hiccup thought as his dragon styled alarm clock woke him up

"Hiccup! Get your butt down here or you'll be late for school" Stoick shouted

"Yea yea I'm coming" Hiccup groaned as he made his way to his bathroom to get ready. After a few minutes he got out and started to dress. He wore a green long sleeved shirt, jeans and his black beanie.

000000

_Why in Thor's name did they invent school? _**(A/N: Because MATH is mental abuse to the human mind â€"my math teacher told us this on our first day)** Hiccup thought as he made his way to school. Then he noticed a huge crowd gathering around something

"What's going on?" Hiccup asked a random kid but the kid was being unresponsive. Sighing he made his way towards the crowd, bumping other students to get in front, He made it just in time to see Snotlout attempting to punch Astrid. Without thinking Hiccup jumped between them surprising the crowd and the two teens

Earlier that dayâ€¦.

"Hey Ruffnut" Astrid greeted her best friend as they made their way to school

"Hey Astrid, so Ast I heard you used to have a crush on Hiccupâ€¦." Ruffnut started with a really smug smirk

"Whaat? How would you know that?" Astrid asked surprised

"Oh nothing it's just I read a certain girl's diary when I visited her yesterday and she was in the bathroom" she smirked

"What?!"

"Mmmhmmm"

"Ruff have you ever heard of a little thing called 'Privacy'?"

"No I haven't, so don't go changing the topic! Do you like Hiccup or not?!" she demanded. Astrid kept quiet with a faint blush on her cheeks. Realizing she wouldn't talk Ruffnut turned to Plan B

"Maybe this will jog your memory" Ruffnut stated as she began reading a page from Astrid's Diary much to Astrid's dismay

"Ruff NO!" she screamed

"Ehem,

Dear Diary,

_Today me and Hiccup played house! I was the mommy and he was the daddy, and Spike my dog was our kid. We had sooo much fun today! He was really caring and helpful around our 'House'. I wish he would be my husband when he get older and have a REAL baby together. That's it for today I need to study up for our test tomorrow. Being a 3__rd__ grader is so lame, I hope it gets easier in the future._

_-Astrid _

Ruffnut finished reading and was satisfied with the reaction on Astrid's face

"C'mon Ruff, I was like 6 or 7 at that time" Astrid said covering her uber red face

"But you must still like him right? I mean he is getting a little cute" she said cheekily

"Just forget about it Ruff, ok?"

"Sure thing" Ruffnut said ending the conversation and filling the atmosphere with a comfortable silence

000000

"Hey Astrid" greeted Snotlout flirtatiously as the two girls entered the school grounds

"Hey snotty" Astrid greeted lamely, she did not want to go through this again

"Oh don't be like that babe, I know you want me" he replied seductively snaking a hand around her waist

"Oh really what gave you that idea?" she asked sarcastically after she punched him in the gut

"I know you're playing hard to get and well it worked you got me" he said not minding the throbbing pain in the area Astrid punched

"Snotlout I would rather kiss a frog than date you"

"Alright Astrid I'm tired of you ignoring me!" He shouted

"I don't care Snotlout I don't like you and I never will now good bye" Astrid said trying to get away from him

"Oh no you don't!" he shouted as he grabbed her wrist

"Snotlout what the freak are you doing?" she shouted as she glared at him

"If you don't love me then I'll force you too" He replied as he tried to kiss me

"Don't you dare try that again Snotlout!" she shouted as she kicked him in the groin thus releasing her from his grip. She tried again to run away butâ€¦|

"Oh no you don't" he said grabbing her arm and raising his fist

_Damn he's too strong. _Astrid thought as she tried to get away_.
_She saw Snotlout raise his fist and closed her eyes shut

Oh shiz he's gonna punch me

She waited for the blow only it didn't happen, the pain on her wrist got removed as well. As she opened her eyes she saw Hiccup blocking Snotlout's punch

"What are you doing useless?" shouted Snotlout

"Didn't you hear the lady? She said she doesn't like you" Hiccup argued

"This is none of your business Hiccup!"

"I believe that it's very un-manly to hit a woman"

"I don't care"

"What? Didn't your mother taught you not to be a dog to women?" Hiccup asked and earned a few 'ooohs' from the crowd

"Well at least I have a mother! Where's yours? Oh that's right she's getting eaten by worms right now" The bigger boy said smugly knowing he won.

Then something happened that no one expected, Hiccup landed a sucker punch on Snotlout's jaw

"Don't you dare talk to my mom that way you son of a Half-troll"

"See! You're not man enough to say b-" Snotlout started only to be interrupted by Hiccup

"Snotlout, do you really think that when girls say no they mean yes?"

"Yes useless"

"I think you're going deaf or maybe you're just high again cousin because you need some help! Thinking no means yes, poor guy" Hiccup said acting concerned. Before Snotlout could say anything Hiccup gave him one more punch that was so strong that Snotty passed out. He turned to Astrid and his eyes softened as he approached her

"You okay?" he asked her with real concern this time

"Umm yea, thanks Hiccup" she replied still not believing what has happened

"No problem" he said smiling making his way to his next class. He left with everybody staring at him in awe like they imagined what happened, this was most definitely going to be the most talked about topic in school

****00000****

"Hey Hiccup" Astrid greeted as she sat down to the desk next to the one Hiccup was sitting in

"Huh? Oh hey A-Astrid" he stuttered not believing that his crush was talking to him, and she wasn't even angry!

"Thank you again for standing up for me" Astrid said

"What? Oh, It's um nothing really" He replied blushing slightly

"No it's anything but nothing, why don't you seat at lunch with us later?" she offered

"Re-Really?" he asked with eyes widening

"Yes" she said laughing quietly

"Umm okay sure" he said giving her a goofy smile

"Good" she said turning her attention to the teacher oblivious to the love struck look Hiccup gave all throughout the rest of the class not really paying attention

Hiccup's POV****

Am I dreaming? Did Astrid actually invited me to seat at their table? No maybe she's just grateful for me helping her. Man having Snotlout as a cousin can be a total pain, and he DATING my crush is even more painful, luckily I stopped that from happening.

****00000000****

"What are you doing over here useless?" Snotlout asked as he made he's way over to the table looking very cross

"I invited him to seat with us Snotty" Astrid replied smirking

"Well that's too bad cause there's only room for 5 of us so you can move along Hiccup because you are in my seat" he smirked

victoriously

"Well that's the thing Snotlout because Hiccup is replacing you" she replied

"WHAT?!" Snotlout and I shouted in disbelief.

"That's right, now go find another place to eat" Ruffnut said throwing a meatball at his face, the whole cafeteria erupted with laughter

"What made you think that Useless over here deserved to sit with you guys and kick me out?" Snotlout demanded

"Yeah!" Tuffnut said agreeing with his friend

"Easy, Hiccup cared for me and you tried to punch me" Astrid said trying to ignore the kissy looks Ruffnut was making, obviously their current discussion was still fresh in her mind. Grumbling Snotlout left and sat with the other jocks, Tuffnut followed soon after glaring at his sister.

"How 'bout you leggs? Any problems?" Ruffnut spat at the large nerd.

"Wha- um no! None at all" he said smiling.

"So Hiccup, Do you know 'Night Fury'?" Ruffnut asked turning to me with her anger dispersing

"Umm of course I do, I mean who doesn't right?" I replied nervously

If only I could tell them

"Well do you know anything about him?"

"â€|.."

"Well?"

"Uhhh, of course I don't, I mean no one really knows his back story right? Heck they don't even know what he looks like or anything" I made up hoping that she would fall for it

"OH, right sorry. I just have this habit with asking people that hoping that I could know more about him" she apologized

"Ruffnut is obsess with him" Astrid explained with a smirk

"That is true, I love him more than food" she said dreamily. Luckily for Hiccup no one noticed the slight blush forming on his cheeks. A normal conversation

**0000000 **

**Normal POV**

"Soo, Astrid any suitors lately?" Ruffnut asked

"Please I think I scared them off enough to stop bugging me" Astrid replied

"Well, I don't think so" Ruffnut said pointing to something

"What do you me-" Astrid stopped when I saw what she was pointing atâ€| HER LOCKER WAS COVERED IN ROSES

"Who would do this?" Astrid asked her opening her locker

"I dunno but it looks like there's a note" she said fishing it out of Astrid's locker

_Dear Astrid, _

_If I reached for your hand, will you hold it?__

>_If I hold out my arms, will you hug me?__

>_If I go for your lips, will you kiss me?__

>_If I capture your heart, will you love me?_

_A day without your love is like a day without life. Whenever I see you face the whole world goes slowmo and blurry, and only you do I see. _

_Please be mine and ever truly yours, _

Your secret admirer: NightFlight

"NightFlight? Who is that?" Ruffnut asked

"I don't know but he does have a way of expressing himself" Astrid said smelling the roses left in her locker

_Who is this NightFlight?I must know him _Astrid thought. He was most definitely not like the others

If only she paid closer attention she would have seen 2 emerald eyes watching them at a distance, smiling

**000000

>

"Please Hiccup?" Astrid begged

"I'm sorry Astrid but I really can't go" Hiccup answered packing his things

"But tonight's the night 'Night Fury' performs!" she argued

"Look Astrid as much as I want to go with you I just can't, and besides why me? Why not just ask Ruffnut"

"Tsk Fine, and for the record I asked you because I wanted to say thank you for what you did this morning" she answered clearly annoyed

"Alright, I'll see if I can meet you guys there but no promises" Hiccup answered with a smile

"Alright, bye" she said leaving but of course without punching his

arm

"Ow! What was that for?" he asked rubbing his arm

"For not going with me" she said smiling. As Hiccup turned his head Astrid kissed him on the cheek surprising him.

"And that's for this morning" she said walking away swaying her hips at the same time

_*sigh* If only I can tell her _Hiccup thought sadly slamming his locker shut

0000000

"Hiccup! Yer finally early lad" Gobber greeted as he walked into the bar

"Well I had to cause Toothless wouldn't stop texting me!" Hiccup answered

"Hiccup, ready for your surprise?" Toothless asked appearing out of no where

"Sure, alright" Hiccup answered sitting on a beanbag

"But, you need to wear this" he said handing Hiccup his mask

"What why?" he asked

"Just do what I tell you alright?" Toothless said. Obeying him Hiccup did what he was told

"Night Fury, this is Ms. Nadder" He introduced a woman wearing a blue business to him, she had blond hair and brown eyes

"It's a pleasure to finally meet you 'Night Fury' and please call me Ms. M" She said shaking his hand

"Uh you too" I said with deep voice masking his real voice

"Night, Ms. M is from the company 'Roaring Records" Toothless explained.

"Really?" Hiccup asked with more interest

"Yes I am from 'RR' and I speak for my company when I say we would love to help you make your first ever album" she said

"Is this for real?" he asked them not believing a single word

"Yep, They said you have the whole year to make up your mind so don't rush" Toothless answered as he gave me one of his 'Toothless' smile

"But isn't that in L.A?" I said

"Yes it is so at the end of the school year you need to move to L.A and don't worry we have everything set up for you" she said with a smile

"I have to get going 'Night Fury'. Toothless, if you wouldn't mind showing me the way to the exit?" she asked sweetly

"Of course Stormfly" he said as the two adults stood up and exited the room

_What am I gonna do?! If I leave for L.A I'll live my dream mom set me but then again if I leave I'll leave everyone I love here, Like Dad, Gobber, and Astrid. Oh Thor I may never see Astrid again! And waitâ€¦ did Toothless just called her Stormfly? I have to ask him that later. Back to the topicâ€¦..

>If I stay I may never have another opportunity again. What am I going to do?

Hiccup thought running is hair through his brown hair

"Hiccup, If I wer ye lad I wud get ready for ye performance. Ye wouldn't wanna disappoint that young lass you gave a rose the other day" Gobber said with a wink

"Oh, um yea sure Gobber" I said blushing planning to deal with the problem later on.

4. The Cove

****Disclaimer: Do I really need to repeat myself?****

****Thank you guys so so much for the support! Oh and I forgot to mention in the last chapter that I'm trying to fit Ruffnut with a Sam from ICarly personality. What do you guys think? Oh and whoever read the character profiles at my Profileâ€¦ disregard them! I changed some of their looks and personalities. Now on with the show!****

"Thank you everyone! You have been a great crowd!" Hiccup shouted using a deeper voice. This gesture silenced the crowd in shock, _Did he just speak? I think I caught his voice on tape!_ Were all the comments in the crowd. 1 whole minute has passed and the crowd got over their initial shock and started giving him a louder applause. Happy that his plan had worked he went backstage grinning like a fool.

"I think tha was the ferst time ye talked lad!" Gobber commented as I handed him my mic

"Meh, I thought I ought to give them something to talk about. Besides don't they hear my voice almost every night?" Hiccup replied smiling.

"A singing voice is diff'rent than a talking voice 'iccup" Gobber said returning the smile

Then his eyes widened in realization and quickly checked his watch, he then muttered something under his breath and took off.

"Oi Hiccup! Where are ye headin off to?" Gobber shouted after him but Hiccup just ignored it, quickly changed into his casuals, a plain white T-shirt and jeans. He burst out the door and made a beeline for

the back exit.

"What got him in a hurry?" Toothless asked an open mouthed Gobber

"I have no idea" he replied shrugging it off and left to work on something

"What is up with that kid?" Toothless wondered leaving to work on some paperwork

00000

"Oh man Astrid I caught that on video!" Ruffnut excitingly showed her friend who was searching the crowd not really paying attention to what Ruffnut was saying

"Uh dude, did you hear anything I just said?" Ruffnut asked slightly annoyed that she has been rambling on and on and it just fell to deaf ears

"Hmm? Oh um yea something about food or 'Night Fury' right?" Astrid guessed after ruffnut poked her side bringing her back to reality

"Lucky guess Hofferson" Ruffnut mumbled. She then noticed that Astrid wasn't paying attention again and was searching the sea of humans

"Who are you looking for?" Ruffnut demanded angry that her friend was ignoring her like that

"Oh um, I'm just looking forâ€¦". Astrid said trailing off a bit. Then she felt a hand rest on her shoulder

"Hiccup" she said softly happy that he came

"Hey, sorry I didn't make it for the performance" Hiccup apologized giving her a crooked smile

"Nah it's alright, I'm just glad that you made it" she smiled back. No words were exchanged after that, they just kept staring at each other blushing a bit. Ruffnut now knowing why Astrid was ignoring her left the two teens alone smiling knowing too well that she would just ruin their time togetherâ€¦. But that doesn't mean Astrid was gonna get off the hook.

"Oh umm, where did Ruff go?" Astrid said after realizing that they were just staring at each other, using Ruffnut as an icebreaker

"I don't know" Hiccup shrugged. Astrid then received a text message that said:

"Apparently Ruff needed to be somewhere so she bailed" Astrid said after reading the message

"Soâ€|. What do you want to do?" Hiccup asked her

"Hmm I don't know, I don't really feel like dancing" Astrid shrugged thinking what to do now, it was only 7:30 and the night was still young

"Oh I know! There's this restaurant I know of and the view is really cool." Hiccup suggested. Astrid hasn't eaten a thing since this afternoon and was really hungry at that time. Before she even said anything her stomach growled

"I'll take that as a yes" Hiccup laughed as he offered his arm to the girl. Taking it they made their way out the club. Unbeknownst to them that Toothless was watching the whole thing and found it amusing.

So that's why he was in such a hurry Toothless smiled at the thought and went back to his office.

000000

"So where is this place?" Astrid asked while walking down the street.

"We're getting closer to it, come on!" he said urging her to continue walking. It was a peaceful walk to the restaurant, the stars were shining bright that night, a cool breeze surrounded them every so often and there was not a sound to be heardâ€|. Except the crickets. A few minutes later they have reached their destination. It was a quaint little restaurant called 'The Cove'.

"Come on" Hiccup said walking towards the place. The inside was simple, they decorated it like it was a little garden. Astrid was about to sit down at one of the tables when Hiccup stopped her.

"Not there, I know a place that only a few people know about" Hiccup said smiling. He took her hand and led her through the backdoor. They then reached a gate that was locked. Astrid was about to say something when she noticed that Hiccup wasn't beside her anymore. She looked around and was surprised when the gate suddenly openedâ€|revealing a grinning Hiccup.

"How did you do that?" Astrid asked awestruck and curious how Hiccup was able to do that.

"I'll tell you while we eat" he said gesturing the inside. The view was really something, it had a small waterfall that splashed into a lake. The trees were decorated with a few lights that hung from their leaves and vines clung to the walls. There was a cave like area that was made out with large roots from a tree. Next to the lake was a small picnic blanket and a few plates.

"You settle down while I call for my _personal _waiter" Hiccup said

giving a big emphasis to the word 'Personal'. And with that a conversation started

"Hiccup how did you find this place?" Astrid said sitting down at the blanket. Breathing in the fresh air that breezed through the garden.

"Well, maybe I should start to how I even found the restaurant" Hiccup said with a smirk

"If you hadn't noticed there weren't a whole lot of people here, well that's because not a lot of people know about this place. They didn't advertise the restaurant or anything. Whoever found this place was by sheer luck or by their friends. I came to know this place when my mom took me there to eat." Hiccup said sadly at the memory

"I was 5 at that time and it was the day I did something incredible (this was the day Hiccup sang like an angel) and she brought me here to celebrate." Hiccup said with glassy eyes, struggling to keep the tears at bay

"Well how about this place?" she asked gesturing the garden

"I found this when wandering around. I was 16 when I found this and I somehow found a secret way in" he explained. A fat ginger bearded man entered the place and headed towards the teens.

"Why hello Hiccup! How are ye?" The waiter asked happily

"I'm perfectly fine Mulch" Hiccup returned the smile. Astrid coughed to get both their attention

"Oh right! This is my friend Astrid. Astrid this is Mulch" Hiccup introduced

"What a pretty lady Hiccup!" He complemented.

"So what can I getcha?" He asked giving the two of them menus and pulling out a pen and paper

"Hmm I'll have the 'Fish with lemon sauce and a nice cold iced tea" Hiccup said handing back the menu to the waiter who was busy scribbling down the order

"And how bout you?" he asked Astrid

"I'll have a salad with crab bits and iced tea as well" she said handing back the menu. Bowing down Mulch left the two

"So.. explain the personal waiter?" She said smirking

"He's an old friend of mine, ever since he found out I found this place he became my personal waiter and friend" he said laying down on the blanket watching the stars. Astrid looked up and was amazed by the stars, she imitated Hiccup and unaware to the two that their hands were touching slightly.

After a few more minutes their food came. I won't go through their entire 'date' and just fast forward to after they ate their meals.

"Hahahha, so the big strong Snotlout was afraid of Barney?!" Astrid laughed after hearing an embarrassing story when Hiccup and Snotlout were younger

"Yeah, don't tell him I told you though. That would be the end of me" Hiccup said in between laughs

They then heard a soothing romantic song being played. Their ears followed the source and were surprised to see Mulch and Bucket (his friend) playing on the violin and an acoustic guitar respectively.

"You wanna dance?" Hiccup asked holding out his hand. After a few seconds Astrid grab ahold of his hand and made their way to the center of the garden. Hiccup's arm on Astrid's waist and his other in her hand. Astrid's hand was on his shoulder and her hand was in his own as well. Dancing slowly they got closer and closer untilâ€¦|

****And OMG LAURENJR REVIEWED ON MY STORY! You are like my one of my favorite author!****

****Anywaysâ€¦| Last time we left offâ€¦|****

Astrid's heart was pounding, what is happening?! Last time she checked she made sure she kept her feelings at bay and now she and Hiccup were slowly getting closer!

No! Don't do it Astrid! She kept telling herself but it was no use, she just stared into those big green eyes and kept getting closer. _F*** it_ she decided as she allowed herself to inch closer and closer. They were only 5 centimeters away thenâ€¦|..

A loud obnoxious really long fart was heard

"Oops sorry, those burritos aren't sitting well" Bucket apologized patting his belly. Astrid and Hiccup then turned around to look at him and his face was redder than a tomato

"Don't blame me! Blame uhâ€¦| those sheep that lays eggs" He defended himself. Hiccup and Astrid then turned to face each other only toâ€¦|..LAUGH. ******(No Fluff yet! Muahahahaha. Don't worry, it will come soonâ€¦|. I think)******

Still chuckling Astrid checked her watch and was surprised to find out that it was already 10:30 pm

"_Sigh _I think it's time to go home" Astrid said sadly. Hiccup gave a nod and left Astrid to gather her things while he left to pay their

foods and what not.

0000000

"Well, this is my home" Astrid stated as they reached her household. The lights were off which means her mom must be sleeping already. Astrid then turned her head to face Hiccup

"Listen, Hiccup I really had a great time tonight. So thanks" Astrid said with a warm smile enveloping him in a hug

"I had a fun time to" Hiccup said hugging her tighter. After the hug ended Hiccup did something that surprised them both. He kissed her cheek. Blushing Hiccup stuttered a goodbye and left. Astrid then opened the front door and left a sigh of happiness as she closed the door. He did it. He actually did it
>was all she can think about. Then as she passed the living room she gave a shout of surprise. Imagine the lights were off then suddenly as you passed it the lights went on only to reveal your mom with only a bathrobe on, a green paste mixture spread all throughout her face and her hair was in those hair curlers or whatever it's called.<p>

"Oh my gosh mom! Don't scare me like that!" Astrid said breathing in and out with her heart hammering against her chest. Her mom calmly asked:

"Who was that young man with you?"

"Who? Hic- I mean Harry?" she answered still not knowing why her mom was asking

"So what did you two do that made you go home late?" she demanded

"We just ate! That's all" Astrid said backing away slightly

"Oh so that's what they're calling it now! So he ate your 'Cake'" she demanded standing up

"What?! If you're asking me if we didâ€|that! Then no we didn't. Mom you know that I would never do that!" Astrid said raising her voice stuttering a bit. This was the first time she saw her mom mad ever since her father died

"Don't you lie to me young lady!" she said face to face with her daughter. Astrid smelled alcohol in her breath

"Mom, have you been drinking too much wine again?" Astrid asked.

"So what if I had? What good would that do?!" her mom demanded

"Mom you're drunk! I don't want to fight until you're sober again" Astrid said making her way towards the stairs

"Young lady look at me when I'm talking to you! Do not turn your back on me!" her mom yelled grabbing her arm and forcefully pulled her down

"Mom! Just lay down a bit then we'll talk okay" Astrid said trying to

soothe her

"Oh so now you're the one making the rules eh? Come here!" she yelled forcefully grabbing Astrid's arm once more and dragged her to the living room.

"Mom let go of me!" Astrid pleaded for her arm was getting sore

"Not until you've learnt your lesson!" her mom yelled back. Lucky for Astrid her mom failed to notice a wine puddle on the floor so her mom slipped and became unconscious. Sighing in relief Astrid carried her mom to the sofa where she covered her in a blanket and kissed her forehead goodnight. Heading back to her room Astrid felt so tired that she just fell into her bed and instantly fell asleep.

000000

Astrid woke up by the smell of bacons and egg. With watery lips she quickly got out of bed, took a short shower and wore a blue shirt with stripes of green, dark green, brown, yellow and a darker shade of blue. She had her red skirt on with brown leggings and a pair of furry boots as she quickly went down.

"Good morning Astrid" her mom greeted her. Astrid returned the greeting and sat down. Her mom handed her a plate of pancakes and bacon, she didn't hurry to eat for they had no classes that day—reason? The teachers all had to go to a meeting where they discuss some stuff *(My school does this all the time so I'm not sure if they do it as well in your schools)**

"Astrid" her mom said softly, Astrid just looked up from her plate with a mouthful of bacon so she just nodded for her to continue

"Astrid honey, I'm really sorry about the way I acted last night. It's just I was so worried and all" Her mom apologized starting to cry a little. Astrid feeling sorry enveloped her in a hug

"No it should be me who is sorry, I lost track of time and I didn't think that you would be worried" Astrid said crying. So the 2 girls just sat there hugging and crying.

__**Back at Hiccup's house—|

Hiccup woke up to the smell of burnt toast and smoke. With a scrunched up face he quickly went to the bathroom to take a shower and wore an opened buttoned brown shirt with a green undershirt. He wore some skinny jeans and sneakers and went down as normally as he can.

"Hey dad" Hiccup said awkwardly as he grabbed some cereals, milk, a bowl and a spoon as he sat down at the table

"Morning son!" he said cheerily as he focused on his burnt toast. Hiccup not having the heart to tell his father that his cooking wasn't that great.

"So son, you excited for your first class of Legal Stu?" Stoick

asked

"Hmm what? Oh um yea" Hiccup answered unconvincingly. More awkward silence followed. This was just how all their conversation goes ever since his mom died. Hiccup then got a text message from Astrid

****Astrid Hofferson****

Smiling Hiccup replied back saying that he would go. He looked up and saw his father looking at him weirdly

"Oh um dad can I uh go out with some friends later?" Hiccup asked his father

"Sure son, just make sure to stay safe, and be back home before 10" Stoick said, then suddenly he opened his eyes and added

"Oh and by the way I won't be back for the next 2 weeks so no parties ok"

"Sure, dad" Hiccup answered. He quickly finished his food and left the house

6. A close call

****Disclaimer: you know what? I own this story! Not the characters****

****Guest: I can't post the lyrics because the last time I did it I got a warning. I don't really know about the other authors though****

Astrid told Hiccup that she and Ruffnut had to go do girls stuff so they would just meet up at the club where 'Night Fury' performs. Hearing this Hiccup hightailed to the clubâ€|only to be tripped by Snotlout.

"Yo useless! Where do you think you're going hmm?" Snotlout sneered with Tuffnut behind him. Hiccup glared as he spoke

"I'm just on my way to work" Hiccup said slowly getting up only to be pushed down more

"It's too early for that, don't you think Tuff?" Snotlout asked turning his head to Tuffnut

"Totally, maybe we should let Hiccup hang with us for a while" Tuffnut said with a menacing smile. Then they started beating up poor Hiccup. After a few minutes they stopped to rest for a bit. As they left Hiccup coughed up a little bit of blood. He stood up and went through the backdoor of the club, luckily Gobber gave him a spare key. Checking his clock Hiccup knew that they wouldn't be here for a while so he got up the stage, pulled out his laptop and played a

song. **(Search Firework by Katy Perry)**
>Little does he know that a certain blond was watching.<p>

A few minutes agoâ€|

"Why are we bringing the fishbone along again?" Ruffnut asked her friend as they made their way towards the club to meet Hiccup

"Because, he's proving to be quite fun to be with" she said not wanting to tell Ruffnut that she only wants to spend more time with Hiccup

"Suuuure that's the reason. And it's totally not because you like Hiccup" Ruffnut stated with a smirk gracing her face. Halting to a stop Astrid retorted

"No! It's just that he was fun to be around with. And besides we get to know about Snotty's childhood" she said

"Really?!" Ruffnut asked with excitement filling her

"Yep, In fact he told me that when they were little big strong Snotlout was scared of Barney the Dinosaur!" Astrid said laughing her butt off

"HAhahahahahah! That's messed up bro" Ruffnut said shaking her head chuckling. As they neared the club Ruffnut suggested that she wait in the car. Astrid heard a faint singing voice coming from inside the club. _Night Fury?!_ She thought excitingly as she quietly opened the door.

You just gotta ignite the light and let it shineâ€|..

She heard, and was certain that the 'Night Fury' was singing. She peered inside and sat at one of the chairs she watched the entire performance quietly. When the song stopped she saw 'Night Fury' look her way and ran backstage. What confused her the most was that his figure looked oddly familiar and of course the thing that Astrid's been thinking about. Those Big Green Eyes!

Sighing Astrid got up and left the club.

Back to Hiccupâ€|

"Oh gods, oh gods, oh gods!" was all Hiccup could say as he ran away escaping through the back door locking it shut. Astrid just saw him sing and probably knows his secret! As he turned the corner he saw Astrid by the main entrance of the club.

"Hey!" he greeted acting like nothing happened. Astrid saw him and quickly pulled him into a hug

"Hiccup! You'll never believe who I just saw!" she said excitingly. Playing along Hiccup asked _who?_

"It was 'Night Fury'! And oh man I came this close to seeing his face too!" she said jumping up and down

"Ohhh, uh that's great! So uh what did you see?" he inquired just to

be safe

"Oh nothing really, it was too dark" she said sadly

"Yo love birds! Are you guys coming or not?" Ruffnut shouted out the window and honking the horn as well. Blushing slightly the two teens got into the car.

_The next day in schoolâ€|. _

"Hey Astridâ€|" Ruffnut sang twirling around her friend like a loon

"What's gotten into you all of the sudden?" She asked amused by the way her friend was acting

"Look what I found in your lockerâ€|." She said waving a letter in front of her face. With eyes widening she grabbed the letter and read it

_Dear Astrid, _

_Astrid though we spent a lot of time together you still fail to see me, but I will never give up.

>If we were in the same room would you acknowledge me? No but even with a million people in one room I can see you eye to eye. If you would want to know more about me try and go to a place where no one would ever beâ€| This place where no sound is heard and a list of numbers that appear.

NightFlight

"That kinda sounds like a riddle" Ruffnut stated the obvious. Rolling her eyes Astrid pondered about the riddle

>a place where no one would ever beâ€| This place where no sound is heard and a list of numbers that appear.

Was all she could think of where is a place where students barely go toâ€|..THE LIBRARY! *(In my school a lot of students hang out in the library to actually read booksâ€|. Including me LOL)**

0000000

As Astrid entered the library she thought of the next clue
>a list of numbers that appear.

She thought then her eyes wandered to a list of the multiplication table and right next to it, seated at a table was a guy wearing a brown hoodie. She walked up to the list and noticed a piece of paper sticking out if it. She opened it up and read

_Dear Astrid, _

Wow you actually found this. AMAZING! Haha. If you must went through all that trouble you must really want to know more about me. What you don't realize is that I'm in the very same room as you-

Astrid stopped reading and scanned the area. The library didn't have a lot of students in but there were several nerds, gamers reading gaming books *(Yes my school has thisâ€|I just realized I love my

school LAWL) **and a bunch of ordinary students cramming for a test or whatever. She continued to readâ€|

_I am a 14 year old male, I love dragons, am a nerd but with a secret! My hobby is singing and I strive to earn my father's love. I can be cheesy at times and when the situation calls for it, brave.

_

That's all I could say but if you want to know more keep a closer eye at the auditorium hmm?

NightFlight

"This NightFlight guy is annoying the freak outta me, why can't he just be a regular suitor and just show his face already!" Astrid silently muttered. She went through the door and headed towards the auditorium hoping that maybe she might actually see him. As she left the guy with the brown hoodie looked up and green emerald eyes watched the door as she left. Sighing he left as well leaving for his next class. Poor Astrid, she was just beside her secret admirer without even knowing it

So you guys know what's next hmmm? Well I ain't telling you! MUAHAHAHAH but I can tell you thisâ€|.FLUFF is coming in a few chapters laterâ€|..

And yes I do agree this is kinda short :P but I'm working on another story IRL for my classmates. You see we have a kind of love team between my math teacher and science teacher and the story I'm writing is about them. So if the story is done I might make a few minor changes and make it into a medieval time Hiccstrid! But it's just a plan. So there might not be a new chapter anytime soonâ€|__

Astrid slowly opened the auditorium doors, with fingers crossed she hoped that she would finally find 'NightFlight' but of course he wasn't there. She was about to leave when someone stepped up on stage. It was the guy with the brown hoodie! She stayed but hid in the shadows. His hoodie was up so she couldn't see his face. He looked around the auditorium as if he was looking for someone

Could this possibly be my secret admirer? Astrid thought. He started to hum a little as he walked towards the backstage and after a few minutes he came out with a guitar. He then started singing

****(I'm gonna try and post a little of the lyrics here. If I don't get a warning I'll add some lyrics here and there)****

Astrid then accidentally sneezed. He stopped singing and looked up. Astrid held her breath, it seems like he has spotted her. When he looked at her Astrid saw those Big Green freaking eyes again! The hooded man then ran off stage and into the shadows. Astrid got up and went onto the stage, hoping that she would find any clueâ€|. Fortunately he left a note

__Dear Astrid,__

__If you're reading this you probably found out a little about me. Yes I sang on purpose because I trust you enough to know my identity but not enough to know the REAL me. Maybe my name makes sense now right? Haha but yeah, you know me but you don't know who's behind the maskâ€|__

__-NightFlight__

Astrid's eyes widened as she read the letter. She couldn't believe it! **__ The _'Night Fury' is her secret admirer?! And much more, he was very close! He studied at the same school as her! A smile graced upon her face as she clutched the letter close to her chest. No wonder that guy was so mysterious, HE himself is a mystery. She then noticed at the corner of her eye a guy, but it was no stranger.**

"Hiccup! You wouldn't believe what I found!" She exclaimed pulling Hiccup into a hug. He had a brown hoodie tied around his waist and wore a green shirt that says 'Green is not a creative color' ****(If anyone got that reference pm me and I will give you a shoutout in the next chapter)****

"What did you find?" He asked after returning the hug. This of course was a test for her. To see if she could really be trusted, if she passes this one easy peasy test she would then be a step closer to finding the face behind the mask. Astrid was about to tell when her conscience attacked her. 'Night Fury' trusted her enough to know

parts of his life, he told her what he was like and where he went to school. She looked back at the teen in front of her and said

"I um, found my missing earring" She lied. Then she saw Hiccup's mouth almost twitched into a smile, was it her imagination? _Probably_ Astrid decided. She then noticed that they were still hugging, Hiccup must've noticed this too as they separated mumbling random junk.

"So um. I'll see you later then?" Hiccup said awkwardly scratching the back of his neck

"Oh um, sure. Yeah I'll um catch up with you later" she said smiling. Hiccup then gave her his goofy smile that for some odd reason made her stomach do flips and turns.

000000

Was that a risky move for Hiccup to ALMOST tell her his secret identity? Yes it was, it was also stupid and idiotic. But for some odd reason Hiccup trusted her enough to tell her some facts about the guy behind the mask. He was currently in his dressing room, Toothless insisted that he comes every day after school to practice. He sighed as he Toothless went in

"Say Toothless, Why did you call Ms. Nadder 'StormFly'?" Hiccup questioned, remembering that memory

"Oh uh, she was an old friend of mine and uh we ummm she was my singing partner once" he said blushing and mumbling at the last part hoping that Hiccup wouldn't hear it, but unfortunately for him Hiccup heard every single word.

"Ooh, so she was your ex?" Hiccup asked getting interested in Toothless' love life that is currently a deserted wasteland, but even the ugliest of a dumpsite had a beautiful past before someone had to come and ruin it.

"She wasn't my girlfriend! She was just my girl space friend!" he said defensively, his face getting redder by the minute. Hiccup was loving this

"So you got friend zoned right?" He asked smirking at his mentor's reaction. Toothless tried to keep it together but Hiccup was able to penetrate his defense and is now attacking

"What?! No! She was just busy at the time to answer me- WAIT, why in Thor's name are you asking me this?" he said raising his brow at the scrawny teen in front of him. Toothless tried to stop giving anymore important stuff about his past love life but the damage was already done

"Oh so you _WERE_ _Friend Zoned!" Hiccup accused pointing his finger at the man in black.

"Let's just get this over with" Toothless mumbled as he dragged his mentee towards the stage to practice.

0000000

Astrid was currently in her room, she was laying on her bed with a

red marker in one hand and the other turning the pages of the year book she was reading. Ever since 'NightFlight' or 'Night Fury' revealed that he was a student in her school she quickly searched the yearbook. There were several guys who almost fitted the picture but none of them fitted the picture perfectly. She was now down to two guys. Mathew Yorgenson and Harry Haddock. Both had those big green eyes, both were nerds and both were failures. But the thing that made Astrid's mind scrambled was that Mathew was never in any of her classes, nor was he at the library. So that leaves Harry. Astrid thought long and hard about this, Hiccup was a nerd and he was a failure. But to Astrid the most important clue was those Big Green eyes! Every time she looks into them she sees something incredible. 'Night Fury' had the same effect. Hiccup was always in the same room as her but he wasn't at the library. Or was he? Wait! There was a guy with a brown hoodie at the library and 'Night Fury' was wearing a brown hoodie when he sang and Hiccup had a brown Hoodie tied around his waist! It took a while for realization to kick in, and when it did.

"Astrid honey, dinner is ready! We're having _Adobo_ tonight!"*(1)
**Her mom called interrupting Astrid's thoughts. Groaning she closed the yearbook and headed downstairs.

Was this chapter short? Cause it feels long to me LOL

**Adobo ****is a well-known Filipino food that is made out of bay leaves, chicken, soy sauce and other ingredients.**

Who reviewed "Awesome Story" in chapter 1

Please tell me what name you would like to have in the story and I will make you a character! If you do not tell me within a week I will have to choose a random name in the reviews. BTW this chapter goes out to Dragon lover who suggested this

It was 9 at night when Astrid came out of her house. Why was she going out so late all alone you ask? Well just before her mom called

her for dinner she had a suspect on who 'NightFury' was but after she ate she couldn't remember who it was.

"Mom! I'm just going out for a little walk" Astrid yelled right before closing the door. Astrid sighed in relief as she felt the cold air engulf her in its embrace.

"Who was it? Come on brain" Astrid muttered as she walked along the sidewalk unaware the dangers that were coming her way

Meanwhile â€|

"Toothless I need some fresh air" Hiccup complained as he took a swig from his water bottle. He shouldn't have joked about Toothless' love life because for revenge Toothless made Hiccup do several flips and shouts for 2 hours straight.

"Alright, let's have a little 30 minute break" Toothless said wiping his forehead with a small towel. As soon as Hiccup heard this he quickly ran out the door. Toothless then took the time to think about what Hiccup said.

"Maybe I should call her" He told himself as he took out his phone. His finger hovered above the call button. His heart is telling him yes but his mind is screaming DON'T DO IT MAN!

"Meh, what could I lose?" he said finally pressing the call button. He waited, and waited untilâ€|.

Back at Astridâ€|..

**Warning! Stuff gets pretty gross here. If you don't wanna read this part I suggest you scroll down until I tell you its safe! Trust me, I don't want you to get scarred for life**

Astrid wasn't really paying attention where she was walking and she reached a dead end. Sighing she turned the other wayâ€|..only to find it blocked

"Hey there Astrid" a low gruff voice said. Astrid turned and found Snotlout with a few of his friends

"Snotty, what do you want?" Astrid said glaring daggers at the boy.

"What else? You of course" he said with a lustful tone. He started going near her while his cronies followed

"Snotlout what are you doing?!" she said backing up, unfortunately Snotlout took advantage of this and trapped her with one of his arm

"Come on Astrid, let's have some funâ€|" he said wriggling his tongue in front of her. Astrid took notice of the smell of beer on his breath

"Snotlout you have been drinking, let me go unless you want a beating" she threatened. Snotlout just laughed

"Hahaha, feistyâ€|. Just how I like them" he said laughing

sarcastically. His facial expression changed into a more serious one

"Hold her down" he ordered. The two boys held Astrid by the arms thus rendering her useless

"Ugh let me go!" She yelled

"Tsk tsk tsk, Astrid, there's no use in fighting" he said capturing Astrid's lips by force. Astrid tried to wriggle out and screamed but sadly Snotlout took this opportunity to slip his tongue into her mouth. She muffled a screamâ€¦..

**It's safeâ€¦ for now. I'll tell you when again**

Back at Hiccupâ€¦.

"Woohooo!" He screamed in delight. His auburn hair flying back due to the wind, he felt such a great rush. He rode the motorcycle Toothless gave him for Christmas. It was pitch black with streaks of midnight blue. It was rare to have moments like this, with all the stuff that had been going on. Hiccup sighed, despite all the fun he was currently feeling he still felt guilty for not going to Legal Stu.

"Heeeelp!" a scream was heard. _Astrid?!_ Hiccup thought. With a determined look with a mixture of worry and confusion Hiccup headed towards the source of the scream.

_**Turn back man!
>_

Back at Astridâ€¦.

"Don't try and fight it babe" he said seductively snaking an arm to her breasts.

"Heeeelp!" Astrid screamed before a hand clamped down on her mouth. Smirking victoriously Snotlout continued his actions. Tears rolled down Astrid's cheek as she silently cried, growing tired fighting against him. Snotlout smiled against her lips as his hands found her breasts and started to grope it

"Hey let her go!" A voice boomed from behind him. Snotlout immediately released Astrid's lips and turned to look at the intruder. It was Hiccup! And he was leaning against with a small knife/dagger in his hand

"What are you doing here useless?" he asked putting a hand on his hip

"I'm just here helping a friend from getting raped" Hiccup said casually while twirling the dagger around his hand as if it were a toy

"This isn't rape, it's just two lovers finally showing their love" he said as if it was the most obvious thing in the world. Hiccup stopped twirling the dagger and looked directly at Snotlout. He raised the dagger and pointed it at Snotlout

"I dunno Simon, It pretty much looks like rape to me" Hiccup said slowly coming towards him. This strangle behavior Hiccup was doing was starting to freak Snotlout out.

"Well don't just stand there! Do something" he ordered the two big brutes. They of course followed, both of them cracking their knuckles walking towards Hiccup. Hiccup just smiled and attacked, their big muscles may make them look strong but it weighs them down. Hiccup used this to his advantage and ducked under their swings cutting them in the process. Their sides were bleeding and none of them wanted anymore injuries so they fled.

"Come back! You cowards" Snotlout ordered as he watched them run away like the little girls they are. He sighed forgetting the problem at hand, when he finally came to his senses he panicked

"Woah there Hiccup, let's uh be reasonable here" he said raising his hands trying to calm him down. But to no avail Hiccup just kept advancing towards him. Snotlout then decided to play dirty, he kicked dust into Hiccup's eyes thus blinding him for a second

"Argh!" Hiccup screamed rubbing his eyes. Snotlout took this opportunity and started punching him and kicking him. After a while Hiccup laid there limp and bleeding. Satisfied Snotlout went back to Astrid

"Well now that that's out of the way we can continue" he said lifting his shirt in the process. Astrid just tried to escape but she only got backed up at a corner

"Now there's no reason to be afraid" he said slowly unzipping his pants, then he felt a hard blow on the back of his head. He turned around and saw Hiccup with a wooden plank on his hand

"Say goodnight you sick freak" Hiccup said before hitting Snotlout's face with the plank and while he was down Hiccup kicked him in his private parts. Hiccup spit on him, he then turned to the weeping girl at the corner

It's safe! You can read now. Basically what you missed is that Snotty tried to rape Astrid but then Hiccup beat him up_

"Astrid come on we need to get out of here" he said as he tried to carry her. At first Astrid tried to get away but after realizing it was Hiccup she quickly wrapped her arms around him

"Hiccup get me out of here" she said as she stared into those big green eyes. He nodded, she noticed how bloodied he was and his shirt was all ripped up.

"Hiccup what happened?" she asked him.

"I'll tell you later now come on we need to get you out of here" he said tugging her at the exit. She nodded in reply. They ran past the limp body of Snotlout.

The cold December wind embraced them as they ran past several shops on Hiccup's Bike. Astrid clutched onto Hiccup's back as if she was holding on to dear life.

"Astrid, do you want me to drop you off at your house?" Hiccup asked her, more worried about her than his injuries

"Just bring me to your house" she mumbled against his black jacket with white stripes on the side. He nodded as he changed directions

Later at his houseâ€¦|.

"I called your mom, she's on her way over here" Hiccup told her as he handed her a glass of water. He sat down next to her trying to comfort her

"Hiccup" Astrid said breaking the silence. He looked her way and urged her to continue

"Thanks.. for you know, everything" she said smiling gratefully at him. He smiled but then flinched in pain. Astrid's eyes widened in concern

"Hiccup we need to get you fixed up" she said standing up and leaving to get a first aid kit. She came back a few minutes later. She knelt down as she asked Hiccup to take his shirt off, blushing he did what he was told. She dabbed some cotton on the wounds and wrapped gauze around his chest. They didn't realized how close they were until they noticed that their faces were inches apart. The slowly leaned forward andâ€¦|..

_Ding! _The doorbell rang

"That's probably your mom" Hiccup said sighing, annoyed that the moment was ruined. He quickly got some decent clothing and then opened the door

"Astrid baby! Are you okay?!" she said bursting through the door and quickly enveloped Astrid in a hug. She then turned to Hiccup

"Oh my dear boy, thank you so much! How can we ever repay you?" she asked bringing out her wallet. Hiccup quickly shook his head and placed his hands on Mrs. Hofferson's hand

"Please Mrs. Hofferon, it's okay. You don't need to do anything" he said smiling

"Thank you my dear boy, may God bless your soul" she said hugging him. He flinched a bit since his wounds were still fresh but still he returned the hug

"What's your name sonny?" she asked him, wanting to know the name of her daughter's knight in shining armor

"Harry Haddock miss" he said. Her eyes widened remembering the name of the boy Astrid went out on a date before. So this was Harry! Apparently it wasn't a knight at all, but infact her prince charming

"Thank you Harry, come on Astrid we need to get home" she said tugging her daughter's arm on the way out

"Thanks again Harry, for saving my daughter" she said before closing

the door

"It was nothing really" he said with a shrug. Mrs. Hofferon just smiled knowing that her daughter finally has a decent man

**Again Sorry if it took too long! I was sick**

9. New Student

Disclaimer: You already know that I don't own it so why even bother

**Hey guys! So I forgot to mention that I put up a poll at my profile on the songs that I wanted to use for Astrid's and Hiccup's project where they sing so yeah, if you don't know the songs the links will be at my profile, LISTEN TO THE SONGS BEFORE VOTING. And the new character will be shown here and that's it. Oh and "the mysterious Guest" since you didn't give me a description on what your character looked like his physical description may be different **

"So Astrid, it's been quite a night huh" her mom said on their drive back home. Astrid just groaned

"Please mom I don't want to talk about it" she said as she rested her head against the window panes **(I don't know what it's called LOL)
**

"Can I at least ask who that monster was?" her mom asked through gritted teeth

"It was Snot- I mean Simon mom" Astrid sighed

"Simon Jorgenson? I should've known. I've seen the way he looks at you, filled with lust. He's a disgrace to the Jorgenson name" her mom growled. Her whole life she despised Simon for no reason at all, but now she had one

"All men look at me like that mom, it's really annoying" Astrid spat as if she drank a whole bottle of vinegar

"I know one boy who doesn't look at you that way" her mom said cheekily. Astrid's head raised up, interested at what her mom has to say

"Mom if you're gonna say dad, my uncles or cousins it's not gonna work. We're family they shouldn't do that" she explained but her mom just smiled

"No no, I'm talking about Harry" she said casually. At the sound of his name Astrid's cheeks became red

"What are you talking about mom" she said chuckling nervously

"I've seen the way he looks at you honey, filled with love and care. These days it's rare to find a guy like that" her mom explained remembering the times when Astrid's father looked at her when they first started dating

"Mom can we just" Astrid said frustratingly. Her mom got the message

and stopped talking

Back at Toothless and Hiccupâ€¦|

It's been more than 30 minutes and Hiccup hasn't returned yet. Toothless was definitely getting worried, suddenly the doors flung open

"I'm so sorry I'm late Toothless" Hiccup apologized screaming.

"Where have you been pal? I was worried sick and did you change clothes or something?" Toothless asked tapping his chin with his finger

"Yeah I uh just got side tracked" Hiccup said panting. Toothless thought for a while then his phone rang

```

>I must confess I still believe<strong>____**

Hiccup looked at Toothless who was currently fumbling to turn off his phone.

"What?" Toothless asked blushing a bit. Hiccup just smirked

"Britney Spears? Really" Hiccup laughed

"Hey I like that song" Toothless defended himself as he checked his messages

```

Toothless smiled as he hid his phone unknown to him that Hiccup read the text

"Oh so you and Stormfly are going out huh?" he said smirking while at the same time crossing his arms.

"Hey it's getting late, maybe you should head home" Toothless said ruffling the teen's auburn hair. Hiccup scowled

"Quit changing the subject bud" He said as he pushed Toothless' hand away from his hair

"So how was your Legal Stu class?" Toothless asked him. Hiccup's heart paced as he stuttered out a answer

"Oh you know uh me and uh that class is uh" he said while nervously rubbing the back of his neck. Toothless sighed

"You haven't been going have you?" he asked. Hiccup just slumped and sighed

"I missed like a week of that class" he answered

"Hiccup, you need to go to that class. Don't worry I'll talk to the teacher" Toothless said patting his back, this made Hiccup look at him

"I'm gonna fail that class you know" he deadpanned

"I know but you gotta try" Toothless chuckled as the two headed out the club

The next dayâ€¦.

"Alright class we have a new student today, introduce yourself boy" Ms. Corona said stepping aside revealing a lanky boy with shaggy black hair that hid his dark brown eyes. He wore a grey jacket with a black shirt underneath it, he had blue jeans and a pair of sneakers and he had a dog tag around his neck.

"Um Hi, my name is Jamie and I came from the small town of Hysteria" he said shrugging his shoulders a bit

"Ok Jamie, please take a seat" Ms. Corona said pointing to the only available seat at the back. Jamie followed but paid no attention to the stares that they were giving him. As he sat down the kid in front of him turned around and held out his hand

"Hi I'm Fredrick but most people call me Fishlegs" he said cheerfully. Jamie just glared at him

"Ok one, don't talk to me or else I will break every bone in your body" he threatened. Fishlegs gulped and quickly turned his attention to the teacher. Jamie sighed, this was gonna be a long day. Hiccup stared at the new kid, intrigued for some reason

0000000

Hiccup sighed, he was on his way for his first class of Legal Stu. True to his words Toothless spoke to the teacher and Hiccup was pardoned for his tardiness. As he entered he made his way to a seat at the back of the class, he ignored the stares that was given to him. _This was probably what Jamie felt_ He thought as he started doodling on his notebook. After a while the teacher finally came. She had wild curly red hair and she wore a bluish green long sleeved shirt

"Good mornin class! My name is Ms. Dunbroch but you can call me Ms. Merida. Why am I introducinn myself ye ask? Well because we 'ave a new student! Intraduce yerself lad" she said in her thick Scottish accent. Hiccup reluctantly stood up

"Um hi, my name is Harry Haddock but you can call me Hiccup. I just arrived and I have no idea what this subject is all about" he said making most of the students snicker, including the teacher

"Well don't ye worry 'iccup. By tha end tha day ye will know more about this subject than I do" she encouraged with a smile. Hiccup just shrugged as he sat back down.

000000

"That was by far the most boring class I have ever took!" Hiccup said as he flung his hands up. He was currently with Astrid practicing their routine for the project.

"Well I'm pretty glad that I'm not you" she joked while doing stretches. Hiccup then felt his phone vibrate

Hiccup sighed. It wasn't like this was the first time this happened.

"Yo Hiccup you ready or what?" she asked walking towards him. Hiccup was about to answer that he was ready but he had a better idea

"Um hey Astrid, how about instead of practicing we'll just head somewhere else" Hiccup suggested. He wasn't ready to sing in front of Astrid yet, as Hiccup I mean. Astrid looked shocked

"Hiccup we haven't practiced in a week and you want to ditch again?! Have you lost your mind!" Astrid yelled. But Hiccup just smirked

"C'mon Astrid have some fun for once. We can always do it tomorrow" he said holding out his hand. Astrid thought about it and reluctantly agreed as she gave Hiccup her hand. He quickly dragged her outside

"So what are we gonna do then?" she asked curious

"Oh you'll see" he said as they approached his motorcycle. Astrid did nothing but stared at it. She didn't get a good look of it last night when _that_ happened and she was amazed that Hiccup could actually drive one of these

"Well are you gonna get on or do I have to carry you?" he asked jokingly. Astrid snapped out of her gaze and climbed aboard and placed her hands on his shoulder, she felt the little muscle Hiccup had and was confused. _Hiccup had muscles?!_ She thought

"Hang on" he said as he stepped on the gas, unknown to them a certain spikey haired boy was watching them from his window

****I hope you liked the way I made your character "The mysterious Guest" if have any specific things you want me to add just tell me and if you're unhappy with the way I made him just tell me what you**

****Really? No reviews? Only "the mysterious guest" reviewed? Ok then, whatever. Umm, there's gonna be fluff in this chapter! And remember to vote, oh and check out my new story****

"So where are we going?" Astrid asked as she clung on to Hiccup.

"It wouldn't be much of a surprise if I told you" he said laughing a bit. Astrid scowled in annoyance. After a while on the road Hiccup left the normal road and swerved towards a beaten up path towards the forest, it was quite a bumpy ride

"Hiccup are you sure we're at the right path?" Astrid said a bit shakily due to the bumpiness of the road

"I've been here a million times already, I'm very sure" he said. Astrid was still bit unsure of his answer so she just clung on to him more. After a few minutes Hiccup suddenly swerved out of the road and into the depths of the forest which had no road at all

"Hiccup what the heck?!" Astrid screamed as she moved her hands to Hiccup's waist instead as she hugged him tightly. Hiccup just had a neutral face as he focused on his driving. They then reached a very deep slope

"Aaaah!" Astrid screamed as they rode down it. She closed her eyes shut scared for what was about to happenâ€¦. But nothing came. She slowly opened her eyes and was amazed by what she saw. She and Hiccup were now riding through a smooth dirt path. Green, red and yellow leaves fell from the trees due to the fact that it was near fall. The cool air surrounded them, it was very refreshing. Astrid warmly hugged Hiccup from the back and rested her chin on his shoulder. Hiccup smiled at this

"This is wonderful Hiccup" Astrid sighed. Hiccup chuckled a bit

"This is only part one of my plan" he said smirking. Astrid looked at him with a confused face

"Part one? Is this like a date?" she said smiling a bit. Hiccup just shrugged. After a while they stopped at a lake that had lilies floating on top of the surface. Near them was a small boat with two oars in it. She turned to look at Hiccup who just smiled and gestured the boat

"Are you coming or what?" he said as he hopped in the boat. Astrid smiled warmly as she made her way towards him and got in as well. Hiccup started rowing as Astrid looked around her surroundings, the lake was surrounded with pine trees and had a small island at the center. After a while Hiccup stopped rowing and he took out a small

journal and a pencil.

"So, how did you find this place?" Astrid asked him. He looked up from his drawing and smiled at her

"You know the usual. I got mad so I walked around aimlessly, found this and I have been coming here ever since" he said shrugging a bit. He then pointed to the small island at the center

"You see that island? I have a small makeshift camp there where I sometimes spend the night" he said looking at her, giving her a crooked smile. Astrid smiled back and sat right next to him. She then rested her head on his shoulder, he blushed and awkwardly wrapped his arm around her. She blushed as well as she snuggled closer to him. They both then looked at each other's eyes, green meeting blue. They slowly leaned in, their faces inches apart until Astrid closed the space. At first Hiccup was surprised but he then regained his senses and kissed back. Astrid smiled against his lips as her hands found his hair thus deepening the kiss. After a while they stopped, they looked at each other and smiled. But Hiccup's smile turned into worry as he stood up and made his way over to the other side of the boat, looking at the horizon. Astrid got worried as well so she made her way over him

"Is something wrong?" she asked him. He just looked at her for a second then he looked away. Astrid sighed. A cold breeze then hit her, she shivered. Hiccup noticed this and wrapped his jacket around her.

"Thanks" she said as she held on to the jacket, then she noticed that it was brown. Certain memories clouded her mind as she realized that: Hiccup was 'Night Fury'! She then heard a ukulele playing. She turned her head towards the sound and saw Hiccup playing it.

Hiccup ended the song and looked at her. Astrid's mouth was hanging open, her guess was right! Hiccup is Night Fury

"Hiccup, you're 'Night Fury'?" Astrid asked softly. Hiccup rubbed the back of his neck sheepishly

"Yeah, I had to tell you since you would've found out eventually and because I trust you" he said.

"But why keep it?" she asked wondering why he would rather be bullied than famous. He sighed and began telling her his story

"My mom's last words was 'Follow your Dreams'. My dream was to sing, but my dad wouldn't let me. Of course I got mad, I stormed out and went to who knows where. I happen to stopped at a bar, and the second I got in I was attacked. I was pretty beaten up but someone rescued me. He became my mentor and my uncle found out my secret. He didn't tell my dad but instead he helped me fulfill it. I hid behind the mask for several reasons, but the main reason was for my father to never know my secret" he said ending it with a sad tone. Astrid looked at him sadly, she walked closer to him and engulf him in a hug.

"But Hiccup, You're dad is expecting you to be just like him! He already enrolled you into a class for lawyers" she said as she looked at him. He sighed sadly as he rested his chin on top of her head

"I know, don't worry I'll think of something" he reassured her as he stroked her back in a loving way. They then heard a clasp of thunder

"We better get you home" he said as he reached out for the oars and started rowing back to shore

11. The answer to my prayer

****Sorry for the sort of long wait, I sorta have a small case of "Writer's Block" and I have been uh sort of re-fangirling over Kim Possible, if you don't know this show you need to watch it! It's been like 4 or 6 years since I last watched it and yet it still topped off my top fave Tv Shows (it surpassed Riders of Berk and also Adventure Time). That's it and keep on reading!****

It was around 7:30 when Hiccup and Astrid finally got to her house, being the gentleman that he is he walked her to her doorstep. She blushed slightly as she brushed a piece of hair behind her ear

"So, I guess this is good night?" Hiccup said sheepishly avoiding her gaze. Astrid laughed on the inside

"What no good night kiss?" she joked even though she really meant it. This made him look at her with a goofy smile plastered on his face. They slowly inched forward until they were inches apart

"Astrid?" Her mom said as she poked her head through door, surprised Hiccup and Astrid jerked apart both blushing furiously. This incident was no accident though, Mrs. Hofferson had been eavesdropping on their conversation and chose the 'right' time to interrupt

"Uh good evening Mrs. Hofferson" Hiccup said rubbing the back of his neck sheepishly, Astrid covered her face with her hands unable to face the embarrassments

"Same to you Harry, Astrid honey are you coming in?" her mother asked. Astrid looked at Hiccup with an 'I am so sorry' look. Hiccup just shrugged

"See you tomorrow Ast" he said bidding farewell to the Hofferson duo. Her mother gave her a knowing look as Astrid made her way up the stairs

"Not a single word mom, not a single word" Astrid muttered loud enough for her mom to hear.

****000000000****

Hiccup groaned as he smashed his head on his book, he was currently studying for his test in Legal Stu for an hour straight with no break and still he couldn't understand the subject. His eyes were slightly closed as he scanned the almost empty library. He was about to go back to work when he noticed a certain blacked haired guy only a few seats way from him. Hiccup gathered up his stuff and moved closer to the boy, Jamie had his earphones on and was oblivious to the shaggy haired guy who was watching him doodle. Hiccup was amazed, Jamie drew a rough sketch of a guy and a girl with some words on the side.

"That's pretty good Jamie" Hiccup commented, Jamie heard this and instinctively covered his drawing and tried to look tough at his intruder

"What do you want fishbone? Can't ya see I'm busy" he growled a bit, as a response Hiccup raised his hands as if he was surrendering

"I don't want any trouble guy, I was just saying that you can draw pretty well" he said in his defense, Jamie's eyes softened a bit when

he heard this compliment but he just brushed it off with a shrug

"It's not that good" he said sadly brushing away a few strands of his hair away from his eyes, Hiccup shook his head in disagreement

"Jaime you've got talent bro! Don't be afraid to show it" he said with a pat on the back. Jamie's hard demeanor returned as he glared at Hiccup

"Can you just scram?" he asked through gritted teeth. Hiccup shrugged in response as he sat at the chair opposite to Jamie, much to Jaime's dismay. Hiccup true to his words didn't disturb Jamie, much more even glanced at the guy. It's been hours and still Hiccup couldn't grasp the concept of Legal Stu, he was so focused he failed to notice that Jamie was already watching him over his shoulder

"Legal Stu huh?" he asked yanking Hiccup out of his train of thought.

"Woah there!" he sort of screamed

"SHHH!" the librarian shushed as she poked her head out from some bookshelves.

"Sorry Mrs. Stossible" Hiccup apologized silently, Jamie turned around pretending that he had nothing to do with anything. She looked at the duo sternly as she disappeared back to her desk. Hiccup sighed in relief as he ran a hand through his auburn hair, his attention then switched to the young man standing right beside him

"You need something?" he asked with a hint of sarcasm in his voice. Jamie just shrugged

"I just got bored so I went over here to check out what you've been sighing about" he said casually as he placed his hands inside the pockets of his jacket. Hiccup raised his eyebrow in reply

"Well I'm kind of busy studying so can you um leave me alone?" he asked politely, his voice had a hint of annoyance since he was tired

"Whatever, I just wanted to point out that you're doing the topic wrong" he said as he casually left Hiccup's side walking towards the exit. Hiccup's mind took a while to process what Jamie just said but when he did realized what happened his eyes widened as he stared at the exit.

****00000000****

Astrid panted as she wiped sweat off her forehead. She had just finished Volleyball practice and is in dire need of water

"Hey Ast, here" a voice called out, she looked up and caught the bottle of water that went flying her way. She looked up at the green eyed ginger headed cheerleader who just smiled at her and walked away with a blond headed boy, hand in hand

"Thanks!" she called out but alas no one heard it. Astrid sighed as

she took a long sip from the bottle, thinking of the stuff that happened yesterday. _Hiccup as 'Night Fury' _she chuckled at the thought. He was definitely the last person who anyone would guess as 'Night Fury'. The gym doors swung open as said guy walked towards her

"Long day huh?" he asked as he shoved one of his hands into his jeans' pocket. Astrid smiled and nodded in reply, her smile faltered a bit when she noticed the sleepiness in his voice and the tiredness in his eyes.

"Looks like you had a rough day as well" she smirked as he yawned.

"Remind me again why I have to study Legal Stu?" he asked as he scratched his hair in an adorable fashion. Astrid chuckled as she made her ways towards the showers

"You need to do it because you want to show your dad that you're capable of running a town" she said in a matter of fact tone. He just smiled as he yawned a bit

"I'm just gonna freshen up a bit then we can go to practice" she said glancing at Hiccup who nodded in reply.

000000000

"And one, two, three, four and one, two, three, four and stop!" Astrid commanded as they did their routine for the project

"Good practice" Hiccup said panting a bit

"Well this would have been easier if we practiced earlier" Astrid said taking a sip from a can of cola. Hiccup rolled his eyes in reply. They were currently in Hiccup's basement, randomly dancing and singing until their voice got hoarse. Hiccup plopped down at a purple beanbag as he took a piece of sandwich from the plate he made earlier, Astrid did the same but at a green beanbag opposite to Hiccup

"So anything interesting happened today?" she asked stretching her tired muscles.

"Well nothing really, I just studied for that accursed subject at the library" he said lamely as he closed his eyes a bit, his mind re winding the events from earlier until a certain sentence echoed through his mind

_I just wanted to point out that you're doing the topic wrong
â€|._

Hiccup's eyes sprang open as he stood up thus surprising Astrid

"Actually, I may have found the answer to my prayer" he said smiling

**Woooo! SemBreak is out! I do hope that I can update more within this week but no promises cause I'm kinda busy writing like 3 (actually 4 but I don't update that regularly) stories and must I say

watching KP. REMEMBER TO VOTE FOR THE SONG THAT HICCUP AND ASTRID WILL USE FOR THEIR PROJECT (poll can be found at my profile) PLEASE AND THANK YOU! Oh and BTW since the 100****th**** reviewer is a guest and anyone could disguise themselves as him/her I decided to keep the character of Jamie and won't change anything about him, even if more suggestions come through my window. THAT'S IT AND GOOD BYE**

Disclaimer: I do not own HTTYD

Ugh I am so sorry for not updating! I planned to write tons of chapters when it was my SemBreak but I got lazy and I currently entered the Percy Jackson Fandom, and I have a massive case of writers block and should I mention band? Ugh, again sorry for the wait and sorry if this isn't a nice chapter again Writers block. And see if you can find a reference here, tell me in the reviews and I'm gonna give you a shout out and a cookie. Oh and to "The Mysterious Guest" whoever you are, I'm gonna give Jaime a sad backstory. Like I said since you are a guest and anyone could take advantage of it I'm gonna add some of my ideas in there as well. I hope you wouldn't mind

Hiccup was roaming the hallways of his school, his eyes scanning for Jamie. His dad was coming home in a few days and his grade in Legal Stu has yet to improve

If I were a guy who's kinda emo but isn't at the same time, where would I be? Hiccup thought, his mind played the events from yesterday until it paused at a certain memory

"The Library!" he said out loud making all the students surrounding him look at him as if he grew a second head, Hiccup paid no attention to them as he raced towards the library. Just as he thought, Jamie was sitting in a corner with his face buried in his notebook. Hiccup quietly made his way over to him, Jamie didn't notice him at first so Hiccup tapped him on the shoulder thus making Jamie look at him

"What do you want?" he asked not so nicely. Hiccup sat at the chair right next to him

"I need your help" Hiccup said all business like. Jaime raised his brow

"I'm sorry but I don't really know your name" he said. "Oh right, I'm Harry but most people call me Hiccup" Hiccup said putting his hand out

"Hiccup?" Jaime asked shaking his hand. Hiccup ran a hand through his auburn hair

"Yeah, long story. But I need your help"

"You need _my _help? With what?" he asked with much curiosity. Hiccup felt a bit uncomfortable asking him this for he usually did things on

his own

"Well you remember that time in the library?" Hiccup asked slowly as Jamie covered his face with his hand

"Oh gods, you're not gay are you?" he asked, Hiccup's eyes widened as his mouth formed an 'o' shape while shaking his hands in a form of an x

"Oh nononono, I was just gonna ask you if you could help me with all these Legal Stu stuff" Hiccup said quickly as his face was reddening from embarrassment. Jaime chuckled

"Oh, uh sure no probs man" he shrugged going back to his notebook. Hiccup just sat there still, he couldn't believe it was that easy! But Hiccup still suspected something in return

"Alright, what do you want in return?" He asked

"Nothing really" Jaime said not even looking up from his notebook. Curious Hiccup leaned forward a bit and saw what Jaime had been so focused about, Jaime was drawing the most amazing sketch Hiccup saw. It showed a young couple underwater kissing! The detail was outstanding and all he used was pencils and nothing else, but what struck out the most were what seems like some sort of poem or a song

"Just a kiss on your lips in the moonlight." Hiccup said in an almost whisper but it was loud enough for Jamie to quickly shut his notebook and glare at the auburn headed boy

"Do you mind?" He asked in an annoyed tone

"Was that a song?" Hiccup asked interested in what the guy in front of him had to say. Jaime sighed as he opened up the notebook again

"Why do you care" he grumbled as he started shading some parts of the drawing

"Dude, you have to play it!" Hiccup said with much enthusiasm, he may be known worldwide but he only does cover songs and if this kid could sing...

"What?"

"You heard me, bring it over to my place later! At say 4:00?" Hiccup said with a genuine smile gracing his face

"Umm" was all Jaime could say. Hiccup patted his back as he stood up from the chair

"Great! See ya later" Hiccup said as he shouldered his backpack and left the library

00000000

"Glad you came over" Hiccup said as he opened the door to see Jaime at his doorstep. Jaime had an aviator jacket on with a grayshirt underneath, he wore cargo pants and a black converse

"Yeah, sure whatever" Jamie said as he entered the household. Hiccup led him to the basement and plopped down their stuff. The basement was special to Hiccup, it was like he had his own little world whenever he goes in. The walls were foresty green with mahogany colored borders, it had a small makeshift bed that was actually comfy, beanbags, a small coffee table, and it has AC. But the best part is Stoick was off limits in that room, he gave that room to Hiccup as some sort of a gift and hoped that it would be Hiccup's office where he would do all those stuff lawyers do but unbeknownst to him Hiccup made it into a small getaway where he could play music and his father would never know.

"Let's get started" Hiccup said as he opened his books

An hour laterâ€¦|..

"Looks like you're starting to get it" Jaime said as he placed his feet up on the small coffee table. Hiccup sighed, the past hour was like torture to him but finally he was starting to get it. Jaime brought out his notebook again thus reminding Hiccup of the song

"Oh hey, let's hear that song" Hiccup said as he brought out his guitar. The guitar was special to Hiccup, it was one of the last things his mother gave him before she died. His father didn't know this of course. The guitar had a nice midnight black color with faded blurs of gray which made it look like clouds on a beautiful starless night

Jaime's eyes widened as he replied "Oh we don't need to-"

"Yes we do, now show me that song" Hiccup said in a commanding voice. Jaime sighed as Hiccup handed him the guitar. Jaime slowly strummed the guitar and after getting the hang of it he started to sing

_**Lyin' here with you so close to me
>It's hard to fight these feelings when it feels so hard to breathe
I'm caught up in this moment, caught up in your smile**_

_**I've never opened up to anyone
>So hard to hold back when I'm holding you in my arms
We don't need to rush this, let's just take it slow**_

_**Just a kiss on your lips in the moonlight
>Just a touch of the fire burning so bright
And I don't want to mess this thing up
>No, I don't want to push too far_

_**Just a shot in the dark that you just might
>Be the one I've been waiting for my whole life
So baby, I'm alright with just a kiss goodnight**_

_**I know that if we give this a little time
>It'll only bring us closer to the love we wanna find
It's never felt so real, no, it's never felt so right**_

_**Just a kiss on your lips in the moonlight
>Just a touch of the fire burning so bright
No, I don't want to mess this thing up

>I don't want to push too far_

_**Just a shot in the dark that you just might
>Be the one I've been waiting for my whole life
So baby, I'm
alright with just a kiss goodnight**_

_**No, I don't want to say goodnight
>I know it's time to leave
But you'll be in my dreams
>Tonight, tonight, tonight_

_**Just a kiss on your lips in the moonlight
>Just a touch of the fire burning so bright
And I don't want to
mess this thing up
>I don't want to push too far_

_**Just a shot in the dark that you just might
>Be the one I've been waiting for my whole life
So baby, I'm
alright**_

_**Oh, let's do this right with just a kiss goodnight
>With a kiss goodnight, kiss goodnight_

Jaime ended slowly. Hiccup was in awe, the song was brilliant! Though it sounded as if it was meant for a duet. Hiccup's smile faded when he saw tears gathering in Jaime's eyes.

"Jaime?" Hiccup asked with concern. Jaime just gave a sad smile as he wiped away the tears in his eyes

"I'm sorry, that song just gets me every time" He said playing with the strings of the guitar

"Is it something you would like to talk about?"

"I guess, I heard that it helps" He said shrugging. He took a big gulp of air as he began telling his sad backstory

"See my dad's job is a fisherman, when I was five a big storm hit the town but my dad's fishing boat was still out there, after the storm calmed down my dad's boat was washed ashore but he wasn't there. For 8 years my mom had to raise me on her own with the little money she earned, I was made fun of in school, I was the loser the loner etc. One day as I was walking I passed by a music shop giving out free guitar lessons so I joined in, found a passion for music etc. Eventually I moved and I changed my personality, my mom married a rich jerk who then forced me to study Legal Stu at a very young age (Don't ask how he pulled that off) he didn't enjoy music and arts so seeing me only pisses him off"

"I started writing my emotions out and they became music" Jaime finished silently. Hiccup thought about this, he still had the opportunity to work with Roaring Records and he could probably bring Jaime along and Astrid! But could Hiccup trust Jaime enough to tell him his secret?

"Hey Jaime?"

"Yea?" Jaime asked taking a sip from a can of cola.

"Do you know 'Night Fury'?" Hiccup asked him. Jaime raised a brow as

he answered

"Yeah, I mean who doesn't right?" Jaime chuckled. Hiccup suppressed a grin as he heard this, sometimes whenever he hears people praising the ground he walks on he could get a tad bit cocky

"Well Jaime I seem to trust you enough so I want to tell you that-" Hiccup started only to get interrupted

"That you're 'Night Fury'" Jaime said grinning. "Yeah- Wait what?" Hiccup asked with his eyes as wide as saucers. Jaime laughed as he pointed to the small closet behind Hiccup, hanging in there was Night Fury's famous mask. Hiccup face palmed himself right there and then much to Jaime's delight

"Don't worry Hic, I won't tell anyone. As long as you keep this conversation to ourselves" Jaime said strumming the guitar once more. Hiccup chuckled as his mind went through the song once more. Hiccup scrunched up his face as he thought

"Hey Jaime, that song seems to talk about a girl. Did you write this out to any girl in particular?" Hiccup asked him raising a brow. Jaime tensed up immediately as a slight blush went to his cheeks

"Erm, no?" Jaime squeaked. Hiccup laughed as he clasped Jaime on the shoulder

"No worries man, I won't pry it out of you" Hiccup said rolling up the sleeves from his brown checkered shirt. Jaime gave a sigh of relief

"But I have a proposition for you" Hiccup said all business like.

"And what is that?" Jaime asked sipping from his can of soda

"You see I was offered a contract at Roaring Records and I was hoping you would be my official song lyricist" Hiccup said calmly. Jaime did a spit take successfully drenching Hiccup's face in soda

"Uh sorry, But are you serious?!" Jamie asked handing him a napkin. Hiccup laughed as he dried his face though it was still a tad sticky

"Yes I'm serious, so waddya say?" Hiccup asked sticking out his hand. Jaime gaped at the auburn boy in front of him and immediately shook his hand vigorously with a huge smile plastered on his face

"Yes! Oh my gods Thank you man" Jaime said hugging Hiccup. Hiccup hugged back awkwardly

"Hehe, alright you can get off now" Hiccup said pulling away. Jaime still had a huge smile on his face as his eyes travelled to the books as a mischievous smirk formed

"Alright enough of this, let's go back to the books" Jaime said picking one up. Hiccup groaned as he hung his head back

**Well that it for today, again sorry for the long wait and do you

think I should make a JaimeXHeather part? Tell me your thoughts in the reviews**

13. Dad?

This is it, the time when we find out if all those hours spent studying was a success or a complete waste. Hiccup fiddled with his thumbs as he waited for the results, tomorrow his dad was coming home and all Hiccup wanted is to make him proud. At least until he breaks the news that Hiccup was gonna pursue his dreams but he'll figure that out later, right now his main problem was his test results

"Alright class, you may take a look at your test papers now" Merida said. Hiccup closed his eyes as he flipped the paper over.

You can do this, just open your eyes Hiccup thought. He took a deep breath and slowly opened his eyes. On the paper was a big fat A+.

Hiccup couldn't believe it. His mouth was going up and down but no words came out. He soon broke into a grin, it took every fiber in his body to not jump and yell "YEAH BABY!"

RRRIIIINNNGGG!

The bell rang to Hiccup's delight. He slung his bag over his shoulders and made his way to the cafeteria where he found Astrid, Jamie and a new girl sitting at the table. He quickly rushed forward and engulfed Astrid in a hug and sneaked a quick peck on her cheek since no one knows that they were dating, well except for Jamie and the girl beside him.

"What was the hug for?" Astrid chuckled as he sat down next to her. Hiccup smiled as he turned his attention to Jamie

"Well thanks to this guy right here, I passed the test!" Hiccup announced making the two erupt in cheers.

"I have no idea what you're talking about but congrats" the girl said. She had jet black hair and green eyes. She wore a long sleeved green blouse, a brown belt is shown holding up her brown jeans and combat boots

"Thanks, um you new here?" Hiccup asked her. She nodded

"Yeah, I'm Heather by the way" she said smiling. Hiccup smiled back as he wrapped an arm around Astrid who leaned in unaware that a certain gang was coming by

"Hah! I won" Ruffnut yelled in glee surprising the couple who jerked apart. Tuffnut grumbled as he handed her 20 bucks

"So you two dating?" Fishlegs inquired as they sat down at the table. Hiccup and Astrid blushed as they nodded. Tuffnut made a long low whistle

"Man Snotlout better not find out" he said while playing with his food

"Hey Tuff, aren't you like best buds with Snotty?" Astrid questioned raising her brow. She spat Snotlout's name as if it was acid. Tuffnut scowled

"He and I aren't pals anymore. Sure he was a jerk and I was fine with thatâ€¦. Until he tried to uh _rape_ you" Tuffnut said whispering at the end but Ruffnut heard every single detail

"He what?!" Ruffnut said agitatedly.

"Woah Ruff, chill I'm fineâ€¦ thanks to this guy over here" Astrid said smiling sweetly at Hiccup who blushed. Ruffnut still wanted to cut off Snotlout's "Stuff" but she calmed down a bit

"Hey I uh gotta go" Jamie said standing up. He still was kinda awkward around people he didn't know personally which was surprising since Heather stated that Jamie talked to her first

"Oh I'll come with you" Heather said standing up as well. Jamie stuttered nervously

"Oh um, I'll just be staying at the library" He said. Heather laughed as she placed her hand on his shoulders. He blushed at the contact

"It's alright, I love to read anyways! Come on" she said grabbing his hand. He blushed even more as she dragged him out. Hiccup laughed quietly, the guy had a crush and it was obvious the girl was crushin on him as well

****000000000000****

It was a bit late at night by the time Hiccup went home, he spent most of his afternoon at the club introducing Jamie to Toothless and Gobber. As Hiccup closed the door his eyes widened at the surprise that met him

"Dad" he said quietly. And true to his words Stoick was there at the dining table with McDonalds on the table

"Hiccup! There you are son, Yer report card just came in and I have to say you did pretty well in yer test!" Stoick said engulfing Hiccup in an awkward hug

"I'm so proud of ye son" he whispered. Hiccup cringed as he heard this, it was the one word he wanted to hear come out of his father's mouth but this wasn't how he imagined it.

"Umm Yeah dad, that's great" Hiccup said as Stoick set him down.

"Now that you're doing so well in Legal Stu, we finally have

something to talk about" Stoick beamed at him. Hiccup shuffled his feet awkwardly as silence filled the room. Stoick's smile faltered a bit

"Oh um here" Stoick said handing Hiccup a small box. "Yer mother wanted you to have it, I just waited for the perfect time to give it to ye" Stoick explained. Hiccup gazed at the small box as he opened it. And there he saw was a necklace, it had a black figure of a dragon that resembled a Night Fury and had silver chains holding the necklace together

"Wow, thanks dad- or mom" Hiccup breathed out as he wore the necklace and admired it. Stoick smiled before going back to the dining table

"Come on son! Let's eat" Stoick said bringing out the chicken, burgers and sodas. Hiccup sighed as he clutched the necklace in his hand

_If only you were proud of me for being me dad _ Hiccup thought sadly as he made he joined his father.

Sorry if it was short, I've been having trouble with school and I didn't really thought this through

**BTW if you've seen the things in the website can you agree with me that DreamWorks amped up the romance between Hiccup and Astrid? The scene was soooo sweet! I can't wait til June cause I get to look forward to my Bday and HTTYD 2! **

Hey guys, sorry for the wait I have exams coming up and stuff oh and by the way Hiccup is around 16 here and is about to graduate HS sorry for the confusion

"What am I going to do?" Hiccup silently screamed resting his head in his hands. He was currently in the park on the swing talking to no one in particular. His father was home and graduation is coming in a few months and as soon as Hiccup gets that diploma Stoick would probably ship him off to Harvard before you could say "Night Fury", then what? Hiccup would live an unhappy life and Jamie would probably be even farther from his dreams. A shadow suddenly casted upon Hiccup

"Whattya moping around for?" A voice said making Hiccup look up and meet a pair of piercing blue eyes

"Hey Astrid, beautiful morning huh?" Hiccup said absent mindedly, it was around 7 on a Saturday morning and Astrid was wearing a light blue long sleeved hoodie with a white undershirt, a matching pair of jogging pants and a black and violet sketchers shape ups. She had her blond hair pulled into a messy pony tail making a few strands hang loose

"Yeah it's wonderful now seriously what's your problem?" she asked sitting on the empty swing beside him. He just sighed

"What am I going to do Astrid? My dad is home and is proud of me for something I didn't do, I wouldn't have passed without Jamie and he'll probably ship me off to some school for lawyers!" he exasperated slamming his head into his hands once more covering his face. Astrid just shook her head and rested her hand on Hiccup's back

"Have you tried telling your dad about your dilemma?" She suggested. Hiccup looked up with a bemused face

"Oh yeah, what was I thinking? Why haven't I tried that before" he said sarcastically making Astrid chuckle a bit

"Just try Hiccup, maybe get your dad to see the light" she said standing up popping one of her earphones into her ear. She gave him a chaste kiss on the cheek

"I got to go finish my rounds, see you later" she said running off leaving Hiccup to deal with his problems alone. Hiccup sighed eyeing the nearby woods near the park, he's been walking around there since he was 13 and knew it like the back of his hands. He got up and crawled under the loose wiring and walked away.

000000000000

Hiccup sighed contentedly listening to the chirps of the birds. It's been years since he last went here and he missed the effect the forest had on him. He thought about what Astrid told him, it could work if he got courageous enough but when will that happen? He wasn't courageous at all, he was scrawny and honestly he didn't know what Astrid saw in him. Hiccup's train of thought ended when he heard shouts

"Argh!" a voice called out as if it was attacking someone. Hiccup tensed up and quietly followed the sounds to the cove he used to hide in when he was younger

"Hmph!" The voice said even clearer and louder. Hiccup scrunched up his face as he thought, the voice sounded familiar to him but who was it? He snuck up on a ledge and was shocked at what he saw. It was Toothless wearing a black muscle shirt and pants, there was a small make shift house on the side and he was surrounded with straw dummies. He was wearing a blind fold as balls shot out of a device, he deflected all of them with one swift movement. Hiccup tried to get closer but a twig snapped alerting Toothless whom threw a knife at Hiccup's direction which he dodged

"Woah!" Hiccup screamed as he ducked, the knife only centimeters away from him. Toothless removed his blindfold panting

"Hiccup, what are you doing here?" he asked as Hiccup climbed down, holding the knife Toothless gave him

"I could ask you the same thing" He answered looking around the cove. There was a fire pit nearby and a rack with swords and knives on it

"I have to keep in shape somehow, and besides I need to defend myself" he said wiping his forehead with a towel. Hiccup just nodded as his eyes roamed around

"You uh want to come in?" He asked gesturing to the make shift house on the side. If Hiccup's memory served him well there used to be a small little cave made out of roots there which is what the house was made off

"Sure" Hiccup replied as the two walked in. It was cozy with a little bed on a corner made out of blankets, a wooden box, some grass and a pillow. There was a desk in a corner and a small bookshelf next to the bed, there was a guitar off in a corner as well

"Wow" Hiccup said as he looked around. Toothless just smiled as he poured some what looks like coffee into a cup

"So what brings you here Hiccup?" He asked leaning against the wooden table in the center. Hiccup sat down and told him his story

"Ah the 'My father hates me story' you've told so much" Toothless joked much to Hiccup's annoyance.

"I'm serious Toothless! What am I going to do?" He said thumping his head against the wood. Toothless walked over to another table set aside and placed his mug of coffee there

"You have to tell your dad the truth Hiccup, before he learns it from someone else" he advised patting Hiccup on the shoulder but Hiccup still wasn't happy

"I know what, you want to train with me? It'll get you some muscles and I don't have to worry about some thug beating you up" he said making Hiccup look up

"Sure, it could get my mind off things I suppose" Hiccup shrugged as he walked out with Toothless

0000000

It was Monday and Hiccup was starting to have muscles but it wasn't that noticeable. It was lunch time and honestly he didn't feel like eating so of course Hiccup went to the music room which was empty. He sat on one of the couches the school just placed and strummed

He strummed one last time before setting the guitar down and heading
out the door, little did he know a certain spikey brown haired boy
was currently hiding in a corner hyperventilating

"H-Hiccup is Night Fury?" Snotlout gasped as he replayed the events
he just witnessed, but a smirk soon graced his face as he thought of
an evil plan to get rid of his cousin once and for all

that's it enjoy**

_My good for nothing cousin is 'NightFury'?! _Snotlout thought as he
punched the punching bag, he had a scowl on his face for several
reasons and all of them revolve around his dear cousin Hiccup.

"This is so unfair!" He screamed as he punched the bag sending it swinging only to hit him with the same force he fell over. He coughed as dust flew around him

"What's so unfair?" a voice called out, Snotlout turned ready for a fight but relaxed when he saw who it was

"Hi Alvin" He said standing up, making his way over to the bench which had his water bottle and a small towel. Alvin looked way too old for his age, he had messy brown hair and a beard that made Harley's beard from Epic Meal Time look like a stubble. He had brown merciless eyes and crooked yellow teeth, he was a criminal, a pickpocket and everything.

"Snotlout, I haven't seen you this angry since I gave you the wrong drugs" he said smirking leaning against one of the beams of the wrestling ring. Snotlout snorted as he took a swig of his water

"I'm furious Al, it's my stupid cousin Hiccup" he gritted his teeth making Alvin raise his brow

"Hiccup? Like little Harry Haddock, the little fishbone we used to push?" Alvin asked making Snotlout nod in reply as he wrapped tape around his hands and fingers

"Yeah, that asshole is the freaking cause of all my problems" Snotlout said going back to the punching bag

"What did the little fishbone do this time?" Alvin inquired, interested on what the fishbone did to make Snotlout this angry

"You won't believe me if I told you" he grunted as kicked the bag

"Try me" Alvin challenged him making Snotlout stop his activities and look up

"He's NightFury" Snotlout said plainly, Alvin dropped the water bottle he was holding on the ground. His eyes were open as well as his gaping mouth

"Hiccup as NightFury? That's a bit unbelievable" he said chuckling hoping Snotlout was just kidding but due to the serious look on Snotlout's face he was in fact not kidding

"Wait are you serious?" Alvin asked. "Yes" Snotlout said punching the bag with such force only this time he ducked before the bag could hit him back

"Isn't his dad like against the musical arts or something?" Alvin wondered out loud. Snotlout looked up as an idea formed in his mind

"Exactly! That's genius Alvin" Snotlout exclaimed excitedly as he rushed into the showers.

"Um of course it is! What was my idea again?" he asked stepping in the shower area whilst Snotlout showered in one of the showers in the corner

"All I have to do is show Uncle Stoick Hiccup's secret and after that everything will be right with the world! I'll have Astrid in my arms while Useless would be shipped off and where would NightFury be? While he's gone I'll replace him as the Monster of Nightmares!" Snotlout exclaimed as he stepped out with a towel wrapped around his waist

"Isn't that too long?" Alvin commented making Snotlout roll his eyes

"Uh details, details. I'll get to it when I cross that road but for now I have a plan to fulfill" Snotlout said exiting the gym with his duffle bag slung around his shoulders leaving Alvin to himself in the gym

"Um, okay? See you later then" he said before awkwardly leaving the gym

0000000000000000

"Uncle Stoick! Uncle Stoick!" Snotlout called out as Stoick was about to get into his car. Stoick smiled as he saw his favorite nephew

"Simon, how are you lad? The last time I saw you, you only had brown onesies on and were crying about Barney" Stoick mused as Snotlout blushed at the embarrassment, looking around hoping no one heard it

"Um yeah Uncle, that's why I bought these!" he said waving the newly bought tickets to NightFury's performance next week. Stoick gulped

"Um sorry son, but I don't really like music" he apologized but Snotlout was having none of that crap, he put on his best puppy dog face

"Aw c'mon Uncle Stoick, all I want is to spend some quality time with my favorite Uncle" he said in a baby like fashion, Stoick sighed in defeat as he grabbed one of the tickets much to Snotlout's delight

"Alright Simon, see you later" he smiled warmly as he got in the car, backing out of the driveway. Snotlout waved as he sped away, an evil smile spreading through his face. Step one has been completed, next step is tonight. As Snotlout turned the corner he bumped into someone sending both of them flying towards the ground

"Hey watch it!" Snotlout said as he looked up rubbing his temple, he was about to glare at the person but his expression softened as he saw who it was

"Well hello there" he said flirtatiously at the girl. She had a slender body and raven black hair that was tied into a side braid, she had bright green eyes and her face wasn't the kind that was caked with makeup. He got up and tried to kiss her knuckles but she pulled away, disgust and awkwardness filled her eyes

"Um please go away" she said as she tried to walk towards Hiccup's

house, Snotlout's eyes widened at this which made him block her path

"Hey what's the hurry? Besides, why would you like to hang out with Useless? Why not hang out with me for a while" he suggested wriggling his brows, the girl backed away but Snotlout advanced forward

"Get away from me you creep!" she exclaimed turning around to run but Snotlout got ahold of her arm

"Hey I'm just being nice" he defended himself but the girl knew that whatever he was thinking was the complete opposite of what he just said. Heather struggled against his grip but it was too tight

"Hey get away from her!" A guy with shaggy black hair exclaimed as he sucker punched Snotlout's jaw. Snotlout stumbled back as he cradled his jaw

"Heather, you alright?" the guy asked her as he cradled her head, his other hand was at her cheek. She blushed at their closeness but the guy was still oblivious to it as he checked her for any injuries

"I'm fine Jamie, let's just get inside. Hiccup must be waiting for us" she said as Jamie nodded in agreement. Before Snotlout could do anything they were already inside, Snotlout stared at the house and he swore he saw the curtains move

_Enjoy your life now Hiccup cause soon you'll have nothing _Snotlout thought as he walked away smiling evilly as he daydreams of the day Hiccup's world would come crashing down

****Merry Christmas guys! I'll try my best to update but no promises****

17. Roar

****Disclaimer: I don't own HTTYD****

****Another Disclaimer: I don't own the song "Roar". The song belongs to the talented Katy Perry****

****Optional: If you want to know how the duet of Hiccup and Jamie sounded like search on Youtube "Chestersee: Roar"****

"Wait what?" Astrid asked, they were currently in Hiccup's dressing room. Jamie is probably off somewhere stuffing his face with food in the buffet table while Astrid and Hiccup were cooped up in his room.

"You heard me, A few weeks ago I was given a contract in Roaring Records. They wanted me to record my first album and I convinced them to sign Jamie in as my how you would say '_Band_' " Hiccup explained as he tossed on a black shirt with neon letterings that said "Night Fury"

"And I may or may not sent them a video of you singing and got you a contract as well" Hiccup said trying to contain a smile. Astrid stood up, she was gaping and her eyes were wide open

"Are you serious?" She asked with a tinge of hope in her voice. Hiccup shrugged teasingly

"Maybe" he said with a smile creeping on his face. Astrid squealed as she ran towards him and engulfed him in a hug. He chuckled as he hugged back

"Thank you Hiccup" she muffled against his shirt. Hiccup smiled as he stroked her hair in a loving manner

"It's nothing" he said as their eyes met. Astrid leaned forward and pecked him on the lips, it was quick and chaste but it still left him dazed

"It's anything but nothing Hiccup" she said gratefully as she wriggled out of his grip. She walked towards the counter and tossed him his famous mask, he caught it and put in on

"Now get out there Dragon Head" she said smiling. He nodded as he went out of the room unbeknownst to them something is going to happen that will change their lives forever

000000000000000000000000

"Over here Uncle Stoick!" Snotlout called over waving his hand in the air to get his attention. Stoick pushed through the crowd and smiled as he finally got to his nephew

"Ah Simon, there you are lad" Stock said as he patted him heartily on the back making him stumble out of balance

"Haha, hey Uncle Stoick. Dragon Nip?" he offered one of the popular foods they sold in the bar, Stoick kindly declined as he sat down. Stoick was for once nervous, it's been years since he last listened to music. Ever since Val died Stoick developed a hatred for music, all it did was remind him of the woman he loved and how she was forcefully taken from his arms

"Hey Uncle, are you alright?" Snotlout asked noticing the scowl Stoick had on his face. Stoick's expression softened as he weakly smiled at his nephew

"Its fine Simon, it's just I haven't been to one of these in ages" Stoick replied. Snotlout just nodded as he inwardly smiled, just as he suspected his uncle still has a sour spot for music. This was just the thing he needed to make Hiccup's life miserable. The lights began to dim as Gobber came out

"Good evenin everyone!" He bellowed as the crowd cheered heartily

"Who's ready to see 'Night Fury'?" he asked the cheering audience. Gobber held an arm up silencing the crowd

"Well bring out ye cameras and doo hickeys cause tonight is a special night" the crowd did what they were told as a million blinking red lights glowed from their phones

"Tonight 'Night Fury' will be singing an original song!" Gobber said making the crowd go wild "Now let's give a loud ear piercin' scream for 'Night Fury'!" he screamed as he walked off the stage. A guy in a black shirt with neon letterings came out, he had his famous mask on and a black hat.

He brought the mic to his mouth as he spoke in a deep voice "Ladies and Gentle-dragons, May we give a warm welcome to my partnerâ€¦ Torch!" he exclaimed as a boy with a white mask came out. Hiccup nodded to Jamie as he started doing an acapella

_**I used to bite my tongue and hold my breath
>Scared to rock the boat and make a mess
So I sat quietly, Agreed politely **_
_

At this point Hiccup and Jamie changed places, Jamie sung while Hiccup continued the acapella

_**I guess that I forgot I had a choice
>Let you push me past the breaking point
I stood for nothing, but I fell for everything**_
_

Hiccup and Jamie started singing together while the pre-recorded acapella played in the background

_**You helped me down but I got up
>Already brushing off the dust
You hear that voice, You hear that sound
>Like thunder's gonna break the ground_
_

_**You helped me down but I got up
>Get ready cause I had enough
I see it all, I see it now**_
_

They both took a small pause as he sang in unison

_**I got the eye of the tiger, a fighter
>Dancing through the fire
Cause I am a champion
>And you're gonna hear me Roar
Ro-o-o-o-ar Ro-o-o-o-ar Ro-o-o-o-ar

>You're gonna hear me Roar!_
_

Jamie went back to beat boxing while Hiccup took the center stage

_**Now I'm floating like a butterfly
>Stinging like a bee I earned my stripes
I went from Zero, To my own Hero**_
_

Jamie and Hiccup once again changed places

_**You helped me down but I got up
>Already brushing off the dust
You hear that voice, You hear that sound
>Like thunder's gonna break the ground_
_

_**You helped me down but I got up
>Get ready cause I had enough
I see it all, I see it now**_
_

Hiccup and Jamie jumped to the scaffolding and held on to it as if

they were hanging from a vine

_**I got the eye of the tiger, a fighter
>Dancing through the fire
Cause I am a champion
>And you're gonna hear me Roar
Ro-o-o-o-o-ar Ro-o-o-o-o-ar Ro-o-o-o-o-ar

>You're gonna hear me Roar!_

They jumped down as they circled around the stage and took turns singing

_**Ro-ar
>Ro-ar
Ro-ar
>Ro-ar
ROAR!**_

The tune stopped only to come back with even more power

_**I got the eye of the tiger, a fighter
>Dancing through the fire
Cause I am a champion
>And you're gonna hear me Roar
Ro-o-o-o-o-ar Ro-o-o-o-o-ar Ro-o-o-o-o-ar
(You're gonna hear me Roar!)
>Ro-o-o-o-o-ar
You're gonna hear me ROAR!**_

The crowd got up on their feet as they cheered. Snotlout on the other hand stood up and ran towards the stage. In one swift movement Hiccup's mask had been taken off, the crowd gasped as Stoick's eyes widened as his face turned to a scowl. The spotlight shone on Hiccup

"Ladies and Gentlemen, may I introduce you to Harry Haddock, AKA 'Night Fury'" Snotlout announced mockingly. Hiccup was too stunned to do anything, he just stood there while camera flashes filled the room. Jamie quickly pulled the stunned Hiccup backstage, Snotlout just stood there with a smug smirk while Stoick angrily stomped his way to the backstage, and his face was red while steam literally came out of his ears

"Hiccup! Get out here" Stoick bellowed making Snotlout smirk even more. His plan had worked, this time tomorrow there would be no trace of Hiccup in his life

Happy New Year everyone!

18. You're not my son

Disclaimer: I don't own HTTYD

"Hiccup! Get out here" Stoick ordered as he stomped up the stage. He was livid, his face was red with rage and he had the sudden urge to knock a dragon's head off its shoulders. He stormed backstage with his fists trembling with rage

"Hiccup! Show yourself" He ordered. He went forward, pushing and shoving anything that stands in his path. A meaty hand held out, stopping him. He was about to punch the face of whoever the arm belonged to but stopped when he saw his friend Gobber

He took a deep breath "Gobber, where is he?" he asked trying to calm down but anger still bubbled all throughout his body

"Stoick, calm down for a bit will ya? Just re-" Gobber said calmly but Stoick just lost his temper. He grabbed Gobber's hand and bellowed

"Where is he?!" he screamed with spit flying out. Gobber was scared but he tried to mask it. Gobber opened his mouth to say something when a rack of clothes toppled down, Hiccup stood there with an expression like a deer caught by the headlights. Stoick let out a breath as he brought down Gobber slowly. He made his way over to Hiccup with his brows furrowed and his sights were tinted red, Hiccup just stood there

"Hiccup come along" Stoick commanded trying to control his temper. Hiccup gulped as his fists clenched into fists

"Dad" he started but Stoick just lost it

"I said come Hiccup!" yelled as he forcibly grabbed his arm and yanked him hard. Hiccup winced in pain as he tripped on a piece of wiring and fell to the ground. Stoick grabbed him by the waist and hauled him unto his shoulders, Hiccup just got even more hurt in the process but Stoick didn't care

"Let the boy go!" Toothless said running up to him but when Stoick turned around and traded glares with Toothless

"This doesn't involve you! So stay out of this" Stoick angrily said but Toothless wasn't fazed by this, if anything he seemed more determined

"Let Hiccup go, is that anyway to treat your son?" Toothless challenged.

Stoick punched him in the jaw and screamed "Don't you dare tell me how to raise my child"

Toothless cradled his jaw as he retorted "Right, because you're totally doing a great job at doing so"

"I will deal with _you _later" he emphasized the word you in distaste. Toothless opened his mouth to say something when Hiccup interrupted

"Toothless stay out of this, I'll be fine" Hiccup reassured him but the look on Stoick's face said otherwise as he stormed out with Hiccup on his shoulders. Luckily most of the crowd were gone already, probably posting the pictures of Hiccup. As they reached the car Stoick opened the car door and threw Hiccup inside and slammed the door shut

00000000000000000000

The door to Hiccup's room slammed open as Stoick pushed Hiccup in, he staggered as he tried to balance. Stoick paid no attention to him as he paced back and forth

"I should've known, I should've seen the signs!" Stoick started rambling while Hiccup interjected a "Dad"

"We had a deal!" Stoick finally said. Hiccup raked his fingers through his hair

"I-I know we did but that was before I metâ€¦" Hiccup trailed off
"This is so messed up"

"So everything was a trick? A lie" Stoick said shaking his head
unable to look at Hiccup

"I-I know I screwed up, I should've told you before. Just take it out on me, be mad at me but please leave Gobber and Toothless out of this" Hiccup tried to reason with him hoping that his friends wouldn't get hurt just because of his own selfish acts

"You're worried about them?! If anything they should be the one I should pummel" Stoick angrily said

"T-They were just protecting me!" Hiccup reasoned

"Protecting you? Protecting you from what!" Stoick screamed

"From what's happening right now! All I wanted was to be like mom- "

"How dare you use your mother as your defense!" Stoick said
accusingly but Hiccup was having none of it

"Because it's the truth dad! They helped me achieve what you couldn't, Toothless cared for me as if I was his brother and Gobber was more of a dad to me than you are" Hiccup rambled but this just made things worst. He grabbed Hiccup by the shoulders and shook him

"Take that back!" Stoick demanded but Hiccup just said "No"

Stoick had enough as he threw Hiccup to the ground and turned to leave the room, he turned his head slightly so that he could see Hiccup but Hiccup couldn't see his face

"This time tomorrow I want you sorry butt unto the next flight out of here and to the nearest military camp. You should learn some manners then and you said Gobber was a better father than me? Well congratulations you got your wish, you're not a Haddock" he said pausing for a bit "You're not my son" he said as he slammed the door and locked it. Hiccup lay there staring with disbelief, he didn't know his father was heartless enough to disown him.

Silent tears streamed down Hiccup's eyes, he didn't care if it was unmanly and if any guy was in his position they would be crying as well. He curled up in a ball and cried

"Why did you have to die mom? Why can't he see I just want to me, to be me" he muttered over and over
again

000000000000000000000000

Astrid watched the events that happened in front of her with disbelief. He knew Stoick could be ruthless but she didn't know he would be _this _ruthless

"Toothless are you okay?" Astrid asked Toothless as she helped him up, he moved his jaw around using his hand thus making gross cracking noises

"I'll be fine, I experienced things worse than this" he told her propping himself up using the ledge of a box

"I'm more worried about Hiccup though, if that ruthless man was mad enough to punch me then I don't know what his going to do to Hiccup" Toothless said in concern. Astrid was about to say something when she saw Snotlout in the corner of her eye. Rage filled her knowing this was his doing

"I'll be back Toothless" Annabeth said jogging to the door than Snotlout just used to get out.

"Snotlout!" Astrid called out, said boy turned around and plastered a smug smile on his face

"Astrid, I thought you would come along sooner or later. You know come to your senses and dump that sorry excuse for a singer" Snotlout said with open arms. Astrid scoffed as she crossed her arms

"As if" She muttered loud enough for him to hear. His irritating smug smile reminded her on why she was mad in the first place, she placed her hands on her hips "How could you Snotlout? He's your cousin and you just treated him like crap! What did he ever do to you _Simon_"

Snotlout clenched his hands, he hated his name. He put on an innocent smile "Don't you see Astrid? I did this for _us_" he reasoned out. Astrid let out an exasperated sigh

"Snotlout when will you get the damn message? There. Is. No. Us!" she said angrily. Snotlout just shrugged

"I knew you would resist, Alvin now!" he yelled. Before Astrid could do anything two meaty hands grabbed her, she was stunned for a bit but kicked him in his privates. As he released her she ran and quickly dialed Hiccup's number

"Hiccup! I-Arggh! Let me down" Astrid yelled as she dropped the phone on the pavement

"_Astrid? Astrid are you still there?_" Hiccup's voice could heard ever so slightly. Snotlout picked up the phone and slowly ended the call

Classes is starting again! Ugh, who's great idea was it to teach kids stuff in math that we would never use in our everyday life?

19. AN and a short story

Disclaimer: I don't own HTTYD nor do I own the song and whatever I mention here

**Hey guys, long time no see eh? I'm so freaking sorry for the LONG

wait and you know, leaving you on a cliffy XD. I just had a lot of stuff to do, first my computer broke so most of the saves I had are now gone, this computer had no word so I had to install it again and stuff, it's the fourth quarter and basically my teachers decided it would be an excellent idea that they give us a buttload of projects which includes writing a book, making a magazine and etc. Another thing I had to study for the exams and I really want to get a high grade cause my mom will buy me a drawing pad for my 15****th**** BDAY if I do and I had a huge writers block. I couldn't think of anything so yeah. The next chapter in this story would take awhile to make and since I know you all hate Author's notes here's a little story revolving around Hiccup's geekiness (is that a word XD) and his relationship with Jamie. This happened a few days before the incident. So again I'm so freaking sorry for making you wait, and yeahâ€¦|. Enjoy this little story I made :)**

Hiccup and Jamie were hanging in the basement, trying to write new songs. Hiccup was randomly plucking strings of his guitar while Jamie tapped his pen on the table nervously. Hiccup noticed this and asked "Are you alright man?"

Jamie looks up and met his eyes. He sighed "Hiccup, how did you get a gal like Astrid?" Hiccup raised his eyebrows in surprise "I don't know, luck? Maybe she's into nerdy losers"

Jamie shook his head amused at Hiccup's comment as he paced around the room. Hiccup stood up and rolled the sleeves of his green v neck shirt up to his elbows. "Let me guess" he said "Girl Problems?"

Jamie let out a frustrated sigh as he plopped down at one of the bean bags "Mff Hmmthrr" his answer was muffled due to his face buried into the soft fabric. "I'm sorry what was that?"

"I said it's Heather" He answered raising his head to answer him. Hiccup nodded his head, understanding the situation Jamie was in. "So you like her but you don't know how to tell her"

"I don't even know if she likes me!" He cried out frustrated. Hiccup just smiled as he picked up his guitar "I think I know how to help you"

Jamie looked at him in disbelief "How?" Hiccup answered with a strum

_**When you see a nice girl, And you don't know what to say
>You missed your chance now she probably thinks you're
ga-ay_

Jamie looked at him weirdly "What?!" but Hiccup paid no attention to him

_**Is there any wonder, that your thunder might not work?
>She had the hots for you, now she just thinks you're a
jerk!_

Jamie knows he should be thinking _She likes me?_ But all he could think of was "I'm not a freaking jerk!" Hiccup looked at him and smiled as he sang the next part

_**I'm torn between two fragile linesâ€¦|. >Hey there you look nice or
Hey there would you like to talk about HOOOOOOOOOOME STUCK!**_

"Dude I'm not asking her about your fandoms" Jamie said starting to walk away from his friend but Hiccup blocked his way

_**Please don't walk away from me, I'm not that kind of guy you see

>Hey there would you like to talk about HOOOOOOOOOOME STUCK_

Hiccup played the last few notes as he rang out from the G chord. He looks up from the guitar and met Jamie's poker face "What the actually heck Hiccup"

Hiccup shrugged as he took off his guitar and set it on a couch. "Homestuck is an awesome Fandom dude" Hiccup defended

"And you still got Astrid" Jamie rolled his eyes. Hiccup gave him a lopsided grin as he wrapped an arm around Jamie's shoulders "Okay, you want some real advice?"

"Yes"

"Just be yourself. Give her some flowers unless she's allergic to flowers, give her some chocolates unless she's allergic to that as wellâ€¦|. Um you get the point" Hiccup patted him on the back as he walked towards the stairs

"How 'bout we just take a break hmmm?" he said gesturing the exit. Jamie sighed and nodded "Sure, thanks Hiccup"

Hiccup smiled as the two friends went up the door and out into the outside worldâ€¦|.

So I hope ya'll forgive me for not updating for a long time and hello to all those peeps who knows about Homestuck :) byeeee

20. No one can hear you

Disclaimer: I don't own HTTYD

Hey guys! Sorry for the longish wait, but the good news is I got some pretty decent grades so that means my summer will be fun and no angry mom :P Anyways here's an update and again I'm sorry for the wait

Hiccup's eyes were puffy and red from all the crying, but he didn't care anymore. While he cried he started hitting his bed and his pillows to let out all the frustration stored up after a few years. After a few minutes Hiccup dried up his eyes and looked around his room. He wasn't going to military camp, he wasn't gonna pursue a forced dream. He didn't have a father that cared anyways so who was going stop him? Hiccup was running away. It may appear cowardly, to run away from you problems but Hiccup had no other choice. He wanted to be free and not caged. He grabbed his backpack and threw open his closet doors. Clothes went flying out and into the bag. He then grabbed some food he kept in his mini ref since his father doesn't

care enough to feed him properly, I mean look at him! He's a fishbone that walks and talks. He stuffed a jar containing dollars and coins, he probably had about \$100 in there, from playing at the bar. He would come back later at night to grab his guitar. Hiccup was determined to get out of this hellhole, he already knew where to go. He knows Toothless would take him in, maybe he could stay in Toothless' little makeshift home. It definitely felt more homely in there than in his own house. He opened his window and got ready to shimmy down the pipe next to it but then a ring made him stop in his tracks. He looked back and saw his phone ringing on his dresser. He made his way back to the phone and answered it

"Hello?" he asked unsurely, for some reason he had a bad feeling about this call

"Hiccup! I-Arggh" The air around Hiccup suddenly felt cold. It was Astrid "Astrid?! What's going on?"

"Let me down!" he heard her voice scream faintly from the other side. Hiccup was immediately concerned "Astrid?! Astrid are you still there?"

He waited for an answer but the call was suddenly dropped. Hiccup didn't know how long he stood there, staring into nothing. It felt like an eternity but in reality it was only a few seconds. His mind could only process one thing: Astrid was in danger

Hiccup ran towards the window and made his way down, jumping over the fence and running towards the bar. He didn't know why but he knew that was the last place he saw her

0000000000000000

Astrid slowly opened her eyes, it was painful. She couldn't move her hands and legs either, slowly memories from the events earlier flooded her mind. "Ugh" she groaned in pain

Suddenly a bright light opened. She shut her eyes once more, the light only made the pain more. After a few deep breathes she opened her eyes. She was blinded slightly by the light but she could make out her surroundings. She was currently tied to a wooden chair, her hands and legs were tied together thus making her unable to do anything

"Well look who's awake! I thought you'll never come to" A voice called out. Astrid didn't have to think twice, she knows that sickening voice anywhere "F% off Simon"

Snotlout shook his head disapprovingly "Tut, tut. Now Astrid, is that the way to greet your boyfriend?" Astrid made a face, the thought of Snotlout being her boyfriend made her sick "You're not my boyfriend. You're not even a friend! Now let me out of this Snotlout, fight me like a man! Or are you too much of a sissy to fight?"

Snotlout walked forward and grabbed her chin, making her look at him "If I can't have you, then nobody can" he let go of her and walked around her

"You're a sick maniac! What the heck is wrong with you?!" Astrid screamed. Snotlout just smiled "I have to go Astrid, but I'll be back

soon and by then you should be willing to do anything I ask you to"

Astrid was furious, but she knew she had to get out of here. She looked around her, she assumed Snotlout dragged her to an old abandoned place. She was in the basement, she was surrounded by dirt and by the looks of it, the place could crumble any minute now. There were wooden stills holding up the ceiling, they looked old and rotten, one hit and everything would come crumbling down. Astrid couldn't find anything to help her so she resorted to the last thing she thought of: Screaming for help

"Help! Anyone please help me!" she screamed her lungs out. She felt a tear roll down her cheek, she didn't like feeling helpless. She was Astrid Hofferson! She never backs down from anything, it was rare for her to cry openly and to be helpless. She continued yelling but stopped when Snotlout came back into the room, he had an annoyed look on his face

"Will you shut up?! Nobody's here to help you sweet cheeks, and if anyone were to hear you they couldn't get in, they have to get through Alvin first so you better stop your yapping!" he screamed making his spit fly everywhere.

Astrid scowled at him and threatened "Let me go! Or so help me I'm going to-" "Going to what Astrid? Scream at me? You can't do anything!"

Snotlout then smiled menacingly "You can't do anything, so I can do this!" he leaned forward and kissed her hard. She tried to push him away but she can't do anything. He pulled away a few minutes later "See you later love"

Astrid spat on his face in reply. Snotlout slapped her in return "You better learn to behave! If not, I'm going to do things worse than kissing!"

As he left her once more Astrid started crying silently "Please anyone, save me" she muttered under her breath

BTW I changed some facts about Hiccup, I redid some of the chapters but only a little. The characters are 16 here soooo yeah. Sorry if it's kinda short but hopefully I could update the story soon :] BTW I'm so excited for HTTYD 2! I mean with the trailers and the clip about Itchy Armpit XDâ€| or was it scratchy armpit? Anyways the internet here sucks soo this might come out a bit later. That's it and I hope y'all have a nice summer vacay! Well at least to those who are on summer break at leastâ€| I need to stop rambling :\ So yeah bye!

21. Hiccup to the Rescue

Disclaimer: I don't own HTTYD

Hiccup's legs begged him to stop since the bar was kinda far and he was in such a hurry he forgot to use his bike. As soon as he arrived he slammed open the backstage doors with such force everyone inside looked his way. Hiccup didn't look his best, his hair stuck to his forehead and sweat was pouring down his face.

Toothless stood up from the box he was sitting on, his hand was holding an icepack which was pressed against his jaw "Hiccup, what are you doing here?" Hiccup panted "W-Where's Astrid?"

Gobber walked up to him "She left a few minutes ago, why are ye asking?" he asked him. Hiccup ignored the question and ran towards the parking lot, there he found her phone. He stared at the phone, eyes wide open. He flinched when he felt a hand on his shoulder

It was Toothless, he held his hands up in surrender "Woah, I didn't mean to scare you pal. What's wrong?" he asked in concern. Hiccup's gaze turned to Astrid's phone once more, with a fearful look on his face Hiccup said "Something's wrong Toothless, I think Astrid's in trouble"

"What?!" Toothless said in disbelief. Hiccup pocketed the phone and looked around for clues, he knelt to the ground and examined it. He could see faint tracks but he couldn't be too sure. He turned to Toothless and asked "Toothless, we have CCTV cameras around here right?"

"Um, I think so-" "Show me" Hiccup interrupted him. They rushed back to the bar and entered a room, inside was a wide array of TVs and at the center was a fat guard. He has sleepy brown eyes and light brown hair that had a few streaks of white, he was currently munching on a donut while watching the screens in random

"Hey Meatlug" Toothless greeted. Meatlug's smiled sleepily at him "Hey Toothless, how's it goin?"

"I'm fine" Hiccup glared at him, as if he was silently telling him to _STOP CHATTING AND ASK HIM FOR THE RECORDING!_

Toothless gulped, Hiccup could be scary if he wanted to be "Hey, uh Meatlug? Do you mind showing us a recording from an hour ago, at the parking lot?" Toothless asked kindly. Meatlug shrugged "Sure, go ahead, I have to go #2 anyways"

He stood up and walked away, leaving the two friends alone. Toothless rushed towards the seat and pressed a few buttons "Uhh, here you go Hiccup" with one last click the screen in front of them flickered and showed the parking lot

"Fast forward a few minutes bud" Hiccup ordered, Toothless did what he was told. After a few seconds he saw Astrid exit "There! Toothless, stop there"

The recording went back to normal. Hiccup's eyes widened as he watched the events unfold, his fist clenched so hard his knuckles turned white

"Damn you Snotlout!" Hiccup shouted in rage. He turned to Toothless "Toothless, I'm gonna need to borrow your bike"

Toothless shook his head "Hiccup I can't let you" Hiccup was shocked and began blubbering nonsense "Wh-what? N-No Toothless, I-I need toâ€¦|.."

Toothless shook his head again "I can't let you Hiccup, I can't let

you go on your own" Hiccup's eyes widened and smiled "Thanks bud"

Toothless returned his smile "Now c'mon, let's go get you girlfriend!" Hiccup blushed lightly at this, he still wasn't used to Astrid being his girlfriend. Toothless poked his side

"There's no use in denying that Hic" he said teasingly. Hiccup just blushed even more "Just, come on! We need to move fast"

* * 00000000000000000000000000000000 * *

Toothless and Hiccup hid around the corner. They've been driving for an hour now and finally they found them in an old abandoned house that looked like it could crumble any minute now. Outside was a big brute of a guy: Alvin

Hiccup cursed under his breath "Dammit" Toothless heard him "Why what 's wrong?"

"That guy is stronger than Snotlout, he'll be impossible to get through" Hiccup told him. Toothless smiled "That guy got nothing on me"

"Toothless, he'll kill you" Hiccup warned him but Toothless just smirked "I'd like to see him try"

Before Hiccup could do anything Toothless stood up from their hiding spot and shouted "Hey ugly! You look like a bull that just got shaved!" he taunted

"Toothless!" Hiccup whispered harshly "What are you doing?!"

"I'll keep him busy, you go run inside" On that last note he jumped out and started shouting taunts at Alvin, trying to aggravate him. It worked

"What did you say?!" Alvin bellowed as he charged at Toothless. With one last glance Hiccup got his message: _Run!_

I ran towards the door, I could hear the shouts and punches the two were trading. If he wasn't in such a hurry it would be a fight he wouldn't miss to watch, but alas the gods hate him. A shout deep inside the house shook him out of his thoughts. With a determined look he charged in with one thought:

I'm coming for you Astrid, don't worry_

22. Saving Astrid

****Disclaimer: I don't own HTTYD****

****So I'm just in a hiccstrid frenzy because of HTTYD 2 and I said "Well I might as well update this story while I have inspiration!" So here it is, sorry for the delay though. The internet just got fixed today and Word was acting up so I had to do some stuff so I wasn't able to update much :\ But here's the update! BTW did you know Dreamworks had an exclusive viewing of the first hour of HTTYD 2? I think I'm kinda late on that one but HOLY SHIZZ I READ SOME SPOILERS BY THE ONES WHO WATCHED IT AND IM CURRENTLY HYPERVENTALATING. Okay with that being said on with the story!****

After Toothless watched Hiccup disappeared into the small building he turned his attention back to Alvin. He was currently cracking his hands, his black bull like eyes were boring into Toothless' head

"So you think you can take me on pretty boy? I'd like to see you try" he taunted. Toothless smirked at him "Well that's too bad, because you'll be too unconscious to see me"

Toothless then surged forward, jabbing Alvin on the face. Alvin staggered back in surprise, cradling his jaw. He glared at Toothless with an evil smile on his face "You just made the biggest mistake of your life pretty boy!"

He and Toothless ran towards the other simultaneously. Toothless kicked Alvin in the stomach, he doubled over due to the pain. Toothless then got him into a headlock while kneeing him on the face. Alvin then hooked Toothless' side several times, Toothless released him with his hand cradling his side. Alvin then kicked him on the face thus making Toothless fall to the ground. Alvin smiled and began kicking him over and over again.

Alvin towered over him and smiled, his face was a mess. He had a black eye, a broken nose, and bruises and bleeding cuts all around his face. He opened his mouth, revealing rows of yellow teeth with small stains of blood in them.

"Any last words?" he glowered. Toothless stared at the maniac, the side of his lips were bleeding and he had a few bruises. His hair was messed up, dirty and sooty. A billion thoughts raced in his mind, trying to formulate a plan to beat the crap out of the guy. Toothless then smirked at him

"I hope you have a nice fall" Alvin scrunched up his face in confusion, Toothless then took the opportunity to sweep his leg at Alvin's feet which made him fall. Toothless quickly stood up and stood tall above Alvin

"Come on Alvin! Is that all you got? I've seen my grandmother naked once and even that looked prettier than you" Toothless taunted. Alvin stood up shakily and scowled at him "You're dead"

Toothless then started to run away with Alvin just trailing behind him. Toothless ran towards the nearby abandoned barn, closing the door once he got in. Alvin kicked the door open with such force it came out of its hinges.

Alvin's beady black eyes narrowed as he searched the seemingly empty barn. It had a musky scent in its air. Haystacks were littered around the place, sunlight streamed through the wood's cracks. There were a couple of crates around and an old looking broken mirror, there were

dirt smudges in it.

"Where are you hiding pretty boy?" Alvin bellowed. He started walking around the place, the dirt crunching under his feet. "Come out, come out wherever you are"

His gaze landed on the broken mirror. It was one of those long oval shaped mirrors with a fancy frame around it. The frame seemed to be gold at one point but now has an ashy yellow hue. There were cracks in the mirror, like actual pieces of the mirror is now missing. There were dirt smudges all around it which made it not as reflective as before. Alvin stared at his reflection, it was hard to see but it was there. He cracked his neck then suddenly noticed some movement behind him.

He couldn't see it so he squinted and stared at the mirror. The dirt smudge was making it harder for him to see but as soon as he saw it his eyes widened. It was Toothless, he was sneaking up behind him with a plank of wood in his hands which was raised above his head.

Before he knew it, Alvin's eyes rolled back and he was unconscious on the floor. Toothless spat at him in disgust "Say goodnight you filthy animal"

At the corner of Toothless' eye he spotted a pile of rope hanging from a hook on the wall. He then dragged Alvin's body towards a nearby stilt then grabbed the rope and tied him to it. He wiped the sweat from his forehead with the back of his hand

"That's one task done" he muttered to himself, he walked out of the barn and saw a buff kid with spikey brown hair that goes all over the place: _Snotlout_

000000000000000000000000000000

Hiccup crept around the old rickety house. "If I were Snotlout, where would I hide Astrid?" Hiccup mumbled to himself. He heard a crash from the cellar "Well that answers that question"

He slowly went down to the cellar, the floor boards creaking noisily under his feet with every step he took. It was dark down there with only one light bulb that hanged from the ceiling, it lightened the one thing he was looking for: Astrid

She was staring at her feet, her hair was a mess and her clothes were dirty but were still in place. Hiccup sighed in relief, at least he wasn't _too_ late. He walked towards her, she still hasn't noticed that he was there. He gently grabbed her chin

Astrid flinched back "Don't you dare touch me Snotlout" she spat as if it were vinegar. Hiccup then caressed her cheek "Don't worry, I'm not going to let that jerk touch you"

Astrid's head snapped up as soon as she heard his voice. Her face was grimy, sweat was pouring down her face and she looked as if she fought and won in a mud battle, in other words she was still the most beautiful girl Hiccup has ever saw

"Hiccup" she breathed in relief "I'm so glad to see you"

"I'm glad too" he smiled at her "Stay put, I'm gonna find something to cut you out"

Astrid rolled her eyes "Sure, it's not like I'm currently tied to a chair!" she replied sarcastically. Hiccup ignored that and as his eyes searched the place, trying to adjust to the darkness. Finally he spotted some broken glass shards on the ground. He picked one up and walked backed to Astrid

"Hold still Astrid" Hiccup told her, he didn't want to hurt her even more. Cutting rope with a shard of glass is hard, he didn't know how Flynn Rider did it so easily in Tangled, but sure enough after a few minutes Astrid was almost out

"Alright, just one more and we're done" Astrid sighed in relief as Hiccup told her this. Just as he was about to cut it they heard a voice call out, a voice that gave Astrid the chills

"Astrid, I'm home! You better learned some manners by now cause I'm going to rock your world" Snotlout called from upstairs

Hiccup and Astrid shared a look, both of them were alarmed. "Hide!" Astrid whispered, Hiccup nodded and hid behind one of the stilts just as Snotlout entered the room

23. The final battle

****Disclaimer: I don't own HTTYD****

****BTW have you guys seen the HTTYD 2 clip? It's the Obama clip with Hiccup and Astrid in it! I'm so fangirling right now****

****(BTW I'm not really good with fight scenes so forgive me for the lack of it XD)****

Toothless stared at his pants pocket, the light from his cell phone lighting up the room a bit. He quickly dug it out and answered the call

"Hello?" he was quite breathless from the recent fight, his body trembled and his vision was slightly hazy.

"_Toothless, where are ye lad?"_ a scottish gruff answered on the other side. Toothless stared at the phone's screen, it showed the picture of Gobber "Gobber?"

"_No, it's the Queen of England. Of course it's Gobber! Where are you and where's Hiccup?"_ Gobber asked worriedly

"It's hard to explain Gobber because I don't even know where I am" Toothless slowly exited the barn, looking both ways for any signs of danger.

"_What do ye mean you don't know where you are?! I-"_ muffled voices are heard on the other side of the call

"Um, Gobber? Are you there old man?" Toothless asked unsurely. A voice soon answered, but it wasn't Gobber "_Where's my son you

devil?!"_

Toothless' face scrunched up in a scowl "Stoick, why do you care? Last I heard you practically disowned him"

Toothless could sense his shocked face "That's none of your business! Now answer my damn question, WHERE. IS. HICCUP?!" he shouted at the phone so loud Toothless could feel the ghost spit landing on his cheek

"You had your chance Stoick, and you blew all of them. You technically don't even have a son anymore! So why bother now Stoick? You want to send him off or something?" Toothless accused him. He practically hear the steam coming from Stoick

"Look, I didn't mean what I said I was just-"

"No need to make up excuses" Toothless said interrupting him "I have to go help my best friend"

With one click the call ended. Toothless' eyes narrowed, he could hear a brawl going on in the old shack.

"Oh Hiccup" Toothless mumbled, concerned for his friend. He then ran towards the shack

000000000000000000000000

Cold sweat trickled down Hiccup's forehead as he hid behind one of the stills, his breathing became shallow as his heart pounded against his chest

Heavy footsteps could be heard echoing down the steps. Astrid tugged the rope hoping it would snap but alas it wouldn't. Astrid's face turned soured as she glared at Snotlout who finally reached the steps smirked at her

"Hey Astrid, how's it going?" he asked her smiling sweetly. Astrid rolled her eyes "I don't know, I'm just tied up against my will, nothing out of the ordinary here"

Snotlout smirked as he slowly walked towards her. He brushed a strand of hair out of her face and cupped the side of her face, Astrid jerked her head out of his touch and spat at his face

Snotlout kept his eyes closed, still smiling "Feisty" he grabbed a handkerchief from his pocket and wiped his face. His eyes were filled with silent rage "I like that"

He then proceeded to attack her neck, she then kneed him in the groin

"You son of a-" he never got to finish that sentence because the next thing he knew there was a large shard of glass protruding out of his back. When he kissed Astrid on the neck, that's when Hiccup lost his cool. He gripped the glass so hard his hand started to bleed slightly and then stabbed his cousin on the back

"Argh!" Snotlout screamed in pain while Hiccup punched him in the jaw "You sick bastard!"

He kicked Snotlout in the stomach which made him tumble unto the ground. He turned around and began to walk towards Astrid and help her out of her restraints when Astrid screamed "Watch out!"

He felt a big meaty hand grab the back of his shirt and pulled him back while the other hand punched him, a full on fight then happened

While they fought Astrid just struggled with the rope, she pulled with all her might and finally the rope snapped. By then both Hiccup and Snotlout were lying on the ground, with sweat, blood and dirt mixing on their faces and clothing which had rips and hole in them

Hiccup was the first to stand and notice that she was free. The moment they locked eyes one word screamed through their connection "Run"

Astrid nodded and ran up the stairs, tripping occasionally but still she was able to escape. Hiccup staggered to his feet and tried to follow her but as he began to run up the stairs he felt a large meaty hand grab his foot: It was Snotlout

"You're not getting out that easily fishbone!" Snotlout sneered as he pulled Hiccup's foot back which made him trip, making him trip face first on the steps

The fall made the gears in his mind move frantically, he won't be able to win this fight. He was a walking talking stick while Snotlout was a bull that learned how to stand on its hind legs and walk and talk

He began thinking furiously, Snotlout had strength while he had smarts. That was all he needed, even the strongest of brutes needs to bow down to wisdom sometimes. While Snotlout glowered at him, Hiccup's eyes scanned the room. He knew the wooden stilts were the only things holding the ceiling up, if they broke the whole room and possibly the house would come crashing down. They looked weakened and rotten, hopefully they would be easy to break

Hiccup kicked Snotlout with all his might, hoping to break free himself from his grip. While Snotlout staggered back Hiccup quickly ran towards one of the stilts

"Hey Simon!" Hiccup shouted, gaining Snotlout's attention "I bet your dingdong id as big as my pinky"

Snotlout's face turned red with rage. Or embarrassment? Just like a bull would be charged at Hiccup who jumped out of the way in the nick of time. Snotlout crashed into one of the stilts, successfully destroying it into a million sticks

Hiccup felt even more determined, his plan was working. All he needed to do was knockdown like 4 more and he would be golden

Hiccup repeated the process several times and just as expected the whole place started rumbling and crumbling

Hiccup's eyes widened as he started to run up the stairs, leaving the

unconscious Snotlout there. If it would be anyone else Hiccup would risk his life to help them but this was Snotlout, no one harms his "Milady"

The house was coming down at a very fast rate. Hiccup ran and dodged the falling debris and fallen wood. He was near the exit, he could see it. He smiled, a happy genuine smile, and ran towards it. Luck wasn't on his side that day, he tripped on a fallen wood beam and a huge chunk of wood slammed down on a part of his left leg

"Argh!" he cried out in pain and agony. He knew it was broken, there was no doubt about that. He felt light headed, stars were dancing in his vision and a disoriented white noise type of thing rang in his ears

"Hiccup!" he could faintly hear, his eyes rolled back as he gave in into the darkness. He could hear and sometimes see flashes of what was happening

He could hear sirens of sorts and he knew that someone was dragging him. He felt someone grab him and lifted him slightly, he could feel a slight pressure on his chest and a faint voice saying "â€|You brought him back alive"

The next thing he knew, he was surrounded in complete darkness

24. Apologies

****Disclaimer: I don't own HTTYD****

****What? An early update?! Haha yes my dear readers, I just couldn't waste any more time by delaying this chapter. ****

Stoick cooled down a bit after that whole debacle, he walked up the stairs to his son's room to apologize. He didn't mean any of the things he said, Hiccup was all Stoick had left of his wife. In fact, Hiccup was a spitting image of her which made it hard for Stoick to move on. It was one of the reason he wanted Hiccup to succeed him, to follow the steps he took when he was younger, he wanted Hiccup to have a little bit of himself. He wanted Hiccup to be just like him, whenever he saw Hiccup all he saw was his deceased wife and he had to hold back tears. Hiccup even had Valka's talent! All he wanted was a little bit of himself in his son

He softly knocked on Hiccup's door "Hiccup?" no answer came. Stoick knocked once more, calling out his son's name. He turned the knob and entered the room "Harry, I'm sorry. I didn't mean any of the things I said, I-"

He was shocked to see an empty room with a single note on his bed. He picked it up and read, his brows were furrowing even more with each sentence he read. His face was pale by the time he finished. He threw the door open and ran to the only place he knew where Hiccup would most probably be: The Cove

A drive later he ran into the back door of the club "Hiccup!" he shouted gaining everyone's attention. Gobber sighed mumbling something that sounded like "Eh, like father like son"

Stoick ran up to Gobber and grabbed him by the shoulders "Gobber, where is my son?" he demanded. Gobber raised his hands "Woah there Stoick, I have no idea where your son went with Toothless-"

"He's with that demon?!" Stoick shouted letting his friend's shoulders free from his grip. "Stoick, Toothless isn't a demon, he's the nicest fella I've met"

"I don't care, where. Is. My. Son?!" he said emphasizing his words. Gobber handed him a cup of water "Relax Stoick, I'm jest going to call Toothless and ask him where he and 'iccup is"

Stoick held the paper cup of water in his hand but he didn't really drink it. All he did was watch Gobber as he took out his phone, dial in a number and waited for someone to pick up

"Toothless, where are ye lad?" Gobber asked. Stoick watched his friend's eyes roll "No it's the Queen of England. Of course it's Gobber! Where are you and where's Hiccup?"

Gobber's face scrunched up "Where do you mean you are?!" he asked in disbelief. Stoick's face was red with rage, he crushed the paper cup, threw it over his shoulder and grabbed the phone from his friend's hand

"_Um, Gobber? You there old man?" _Stoick gripped the phone so hard his knuckles turned white "Where's my son you devil?!"

"_Stoick, why do you care? Last I heard you practically disowned him_" That comment didn't help Stoick's mood at all. He was shocked, how did he know?

"That's none of your business! Now answer my damn question, WHERE. IS. HICCUP?!" He screamed into the phone. He was expecting an answer, he didn't expect the response he got from Toothless

"_You had your chance Stoick, and you blew all of them. You technically don't even have a son anymore! So why bother now Stoick? You want to send him off or something?_" Stoick was mad, but that comment made his face soften a bit

"Look, I didn't mean what I said I was just-"

"_No need to make up excuses_" Toothless said interrupting him "_I have to go help my best friend_"

The call was then dropped "Hello? HELLO?!" Stoick almost threw the phone to the ground but he remembered a thing he learned from one of his friends.

"Um Stoick, what are ye doin to me phone?" Gobber asked him nervously but his question was ignored. After a few minutes Stoick smiled triumphantly, after a few more button pushing Stoick raised the phone to his ear

"Hello, yes go to the address I sent you. This is an emergency!" Stoick commanded at the phone. He turned to Gobber as he ended the call "C'mon Gobber, I know where they are"

He tossed Gobber his phone back and ran out the back door. Gobber

sighed "I'm getting too old for this stuff" he then proceeded to run after his best friend and into his car

"So um Stoick, I know you're always the man with the plan but um what exactly are ye doin?" Gobber questioned him as they started to go down the road in lighting speed

"I'm getting my boy back" was all Stoick said, he could hear the police sirens following them

0o0

Toothless walked towards the old small house cautiously, he wanted to help his friend but at the same time he needed to be careful. He reached out his hand to turn the knob when it burst open, a mop a blond hair landed on his chest. He stumbled a bit but regained his footing, he looked down and saw a shaking Astrid

"Astrid! Are you okay? Where's Hiccup?" Toothless questioned her. Her shaking ceased but she was still slightly frazzled. She raised her hand a weakly pointed at the door

Toothless was alarmed and was about to go in when he felt a heavy hand punch him in the face. He stumbled back and cradled his jaw "What's with today? Is it Punch Toothless day?" he murmured to himself

Someone grabbed him by the collar "Where is my son you devil?!" Toothless glared daggers at Stoick "Wow, you got here so fast I would've thought you actually cared for Hiccup"

This earned him another punch to the face "You don't know anything about Hiccup!" Toothless pulled out of Stoick's grip

"Oh yeah? How do I know that you wanted to send him off, to force him to be something he's not? How do I know that you began to forbid him to play instrument ever since your wife died? How do I know that you constantly neglect your son-"

"Enough!" Stoick shouted. A pregnant pause filled the air around them "You don't know why I do these things"

"Then why Stoick?" Toothless questioned "Why?"

"Because he was too much like his mother!" Stoick screamed with tears starting to pool around his eyes

"He was exactly just like her. He has her talent, her humour, her passion, everything. I felt left out, left out because my son didn't have a single damn thing that he got from me. Ever since Val died every time I see him, I see her. It hurts you know, to have someone you love so dearly die and to have this person mocking you, reminding you constantly that she's dead and you can't do anything about it. I tried to force that out of him, but only now that I realized that I shouldn't get rid of what I have left of Val"

Tears were starting to roll down Stoick's cheek slowly. Toothless' expression softened as he heard this. He slowly walked forwards the man

"That's where you're wrong Stoick" Toothless said comfortingly "You know the part where you said that Hiccup got nothing from you, that's where you're wrong"

"He got your determination, he got you trait as a natural leader. He's strong in his own way Stoick, just like you"

Stoick stared at him and said "Thank you" he clasped a hand on Toothless' shoulder and smiled. The moment didn't last long though. The building started collapsing and Hiccup was still in there

"Hiccup!" Astrid screamed in bloody murder. Toothless didn't waste any time at all, he ran into the collapsing building shouting Hiccup's name

"Hiccup!" He shouted as he found Hiccup's limp body on the floor, his left foot trapped under rubble. Toothless quickly freed Hiccup's foot and dragged him out of there

Stoick wasted no time either as he grabbed Hiccup's body or hugged it, he lifted the chest to his ear. Silence filled the air around them

Ba-dum, Ba-dum, Ba-dum

Stoick let out a breath in relief "He's alive! You brought him back alive" Cheers erupted from those who were close to the 2 Haddock men. Namely: Astrid, Toothless and Gobber

Stoick looked up at Toothless and smiled gratefully "Thank you, for saving my son". Toothless nodded in reply as the ambulance sirens could be heard, gradually getting louder. Gobber went up next to Stoick "Well ye know, most of 'im"

Stoick grimaced at his son's crushed foot "Well, at least he's alive" Stoick said as calmly as possible when on the inside he was freaking the heck out

The ambulance finally came and gently took the body away from Stoick and into the vehicle. Astrid and Toothless rode with him, Stoick wanted to be with his son as well but still has other problems to deal with. Stoick just stood there, watching the ambulance disappear from his vision

"Um, sir?" One of the police men tapped him on the shoulder thus breaking his trance with the road. He turned around to face him "What is it?"

"We found 2 bodies, both of them are boys. We found one of them in the barn, tied up to a post, he is still breathing but he's pretty banged up" The police officer gestured to the big burly boy, his face was slightly bleeding and one of his hands still had the rope around his wrist

"And we found this one in the basement under all the rubble. He's still alive but only barely" This time Stoick recognized the body, it was his nephew: Snotlout

Stoick scowled "Bring them to the hospital, then after that throw

them in jail"

The police officer gave him a two fingered salute "Yes Sir"

Stoick walked towards his friend Gobber "C'mon Gobber, let's go" he told him as they headed towards his car

Stoick was like Gobber's brother, and like other brother would, he was concerned for Stoick "Hey, um Stoick. Are ye okay?"

Stoick took a deep breath "Yeah, thanks for asking Gobber"

25. He's awake!

****Disclaimer: I don't own HTTYD****

****Hey! Did you guys see the new extended clip of the Obama Clip?****

***_Beep* *Beep* *Beep*_**

Hiccup's eyes struggled to open, he felt as if a scorpion got inside of him and made a nest in his throat. Every single movement he makes hurts, deep breathes could be heard and that was coming from him.

Blinding light entered his vision which made it harder for him to open, but soon enough he opened them fully. He knew he wasn't at home, the walls of the room was painted in a bluish white tint. He was in the hospital, the beeps from the monitors told him that

Memories from before surged through his mind so fast it gave him a slight headache. Every single part of him ached but for some odd reason his left foot felt numb, and slightly itchy

His eyes shifted to the side where he found a certain guy with black cropped hair that was now slightly messy wearing his trademark black clothing, he seemed to be asleep

"T-Toothless" Hiccup croaked. Toothless' eyes fluttered open and widened with concern as soon as he registered that Hiccup was awake

"Hiccup" Toothless breathed in relief "You're alive"

Toothless looked as if he hadn't slept properly for days. His eyes were reddish and he had some bandages on his forehead and cheek with light bruises

Grunts could be heard coming from Hiccup "What is it buddy? What do you want" Toothless asked in concern

"W-Water" Hiccup said weakly

"Of course" Toothless said handing him the glass of water which was resting on the small table next to him "Here you go bud"

As soon as the cool water hit Hiccup's tongue he was instantly

relieved. Energy entered his system and he felt 100 times better

"Thank you" Hiccup told him with a grateful smile. Toothless returned the smile "No problem"

Hiccup shifted in a way so that he was slightly sitting "So" he began "How long was I out?"

"About 3 weeks" Was Toothless' answer

"3 weeks?!" Hiccup asked in disbelief, Toothless nodded in return "What did I miss?"

"Well, nothing much. I mean Snotlout is still alive-"

"How is he still alive?!" Hiccup interrupted him. Toothless shrugged "I have no idea"

"But don't worry, he and Alvin are in VERY bad shape and as soon as they're better they go straight to jail" Toothless reassured as soon as he saw the worry in Hiccup's eyes

"How about Astrid?" Hiccup asked worryingly "She's fine, Hiccup. Some light bruises but other than that she's okay"

"That's good to hear" Hiccup said leaning back on his pillows. Toothless took out his phone and started mashing some buttons

"Hey that reminds me, what ever happened between you and Stormfly?" Hiccup inquired. Toothless blushed ever so slightly "Uh, nothing really. I mean, we are going out but it's nothing serious"

Hiccup smiled cheekily "So is she who you're texting right now?" Toothless shook his head

"No, it's your father"

Hiccup's body tensed "What? Why in Thor's name would you text my father?!" He said a bit frantically

"Chill Hiccup, I'm texting him to let him know that you're alive" Toothless said as if it was nothing. Hiccup scoffed "Right, so he can ship me off to who knows where"

Toothless frowned at this "Your father has changed Hiccup" Hiccup shook his head lightly "I'll believe it when I see it"

"Well, you'll see it in about 5 minutes" Toothless informed him. Hiccup rolled his eyes

"Oh great! I am so excited" Hiccup said sarcastically

A comfortable silence filled the room, with Hiccup lying still on the bed and Toothless tapping his finger on the table

"So" Hiccup started "When can I get out of here?"

Toothless rested his chin on his hand "I don't know, depends"

As Hiccup thought about this, another thought entered his mind

"Hey Toothless?" Hiccup said. "Yeah buddy?"

"Why can't I feel my left foot?" Suddenly Toothless didn't meet Hiccup's eyes which made Hiccup feel worse

"Um, how do I break this to you?" Toothless said as he shifted uncomfortably in his chair "You can't feel it because-"

The door suddenly swung open and revealed a sweaty Stoick. His usually neat white polo was now rumpled with the buttons in the wrong holes, he had bags under his eyes which was wide as saucers.

"Hiccup" he breathed with a desperate smile. He quickly went towards his son and hugged him, but Hiccup didn't return it. Hiccup looked over to Toothless "Has it been 5 minutes already?"

Toothless shrugged in reply. Stoick pulled away and examined his son's face "Oh Hiccup, I was so worried"

Hiccup shook him off "Why? Because you would've wasted money" Hiccup said disgruntled. Stoick frowned "I was worried because you are my son"

"Son? As far as I know I was nobody's son" Hiccup said glaring at him. Stoick felt guilty and even more upset.

"Hiccup-"

"Um, I'll go and leave you guys alone" Toothless said rather awkwardly. He shuffled out of his chair and out the door, closing it slowly with a soft thud

Stoick turned his attention back to Hiccup, his face was painted with worry while Hiccup kept a stoic face. Stoick sighed

"Hiccup, I didn't mean any of the words I said back in your room" Stoick said explaining his actions

"Please do continue" Hiccup deadpanned. Stoick pursed his lips

"I'm sorry Hiccup, the only reason I did any of this is because I wanted to be a part of your life" Hiccup's face softened as he heard this

"When your mother died, my world came crashing down with her. You're a carbon copy of her Harry, and whenever I saw you I saw her. You have 0% of me in your genes and I just wanted to feel as if I did something. So I tried to force my interests in you but only now did I realized I shouldn't be doing that. I should've been treasuring you, because you're the only thing I have left of her"

Tears were now streaming down both of the Haddock's faces. "You're not a disappointment" Stoick said smiling sadly "You're something to brag about"

Hiccup chuckled "Because I'm famous?" Stoick laughed, engulfing his son in hug in which Hiccup returned "Because you're my son"

Sobs could be heard coming from the doorway. Hiccup opened his eyes and saw Toothless standing there, furiously rubbing his eyes with the back of his hand

"Toothless" Hiccup said laughing "Are you crying?"

Toothless shook his head "No, I just got something in my eye" They both laughed. A thought then jumped back into Hiccup's mind

"Hey dad" Hiccup said facing his father. Stoick turned to his son with mirth in his eyes "What is it son?"

"Why can't I feel my left foot?" Stoick tensed "Um, you can't feel it because-"

"Hiccup!" a feminine yell shouted followed by frantic running. Soon Astrid burst into the room, panting.

"Astrid, did you run all the way here or-" Hiccup was interrupted with a punch to the arm by said girl

"Ow! What was that for?" Hiccup asked. Astrid answered "That's for scaring me"

"W-What? Is it always going to be that way? Cause-" He was interrupted by a passionate kiss on the lips. His mind turned to mush but as far as he knew this was the first real kiss they shared. Astrid pulled away shortly, Hiccup is seen having a dazed look

"I could get used to it" Astrid smiled at this and hugged him. She leaned and whispered in his ear "Me too"

"So Hiccup, how are you taking it?" Astrid asked him as she pulled away. Hiccup shook out of his stupor "Uh, what do you mean?"

"You know, you losing your leg" Astrid said as a matter of fact. Stoick and Toothless cringed while Hiccup just stared at her "I-I what?"

Astrid frowned "You didn't know?" she turn and looked at Toothless who shook his head ever so slightly. Hiccup quickly pushed the covers away and saw what he's been dreading to see, his left foot was missing. He just sat there staring at it with disbelief

"Uh, Hiccup?" Stoick asked him gently. Hiccup murmured something under his breath "What was that son?"

Hiccup turned to him "I just can't believe my foot is missing" Toothless smiled sadly

"Cheer up Hiccup, your dad has connections and they'll get you a prosthetic and soon you'll be up and running in no time"

"I-I guess"

****Hey, so this may be the last chapter for this story :[Sorry if it took so long, I've been way hooked on Once Upon a Time and to be honest it destroyed me and got caught up with making Storybrooke on Minecraft. So I just wanted to thank those who took a small part of their time to vote on the poll.****

****I ain't sure if this is the best ending but meh****

****Oh and to that guest reviewer "the picker" I am aware that I spelled Stoick correctly. It's not spelled as Stoic, check the wiki****

1 week laterâ€|

Ms. Corona stepped up to the auditorium stage and stared at her students "Well thank you Ruffnut and Tuffnut Thorston for that, interesting display of harmonizing armpit farts" she said rather reluctantly

The said teens high fived the other and cheered. Ms. Corona rolled her eyes but smiled nonetheless "Alright enough of you two" Ms. Corona clasped her hands together

"Now it has been a rather hard year for our last pair of performers, so let us give them a warm round of applause for Hiccup and Astrid!"

Loud cheers and clapping were heard as Hiccup and Astrid took the stage. Hiccup's prosthetic creaked faintly as he walked towards the piano at the center of the stage, it was a unique to say the least. It was no ordinary plastic foot, in fact, it was made out of metal which was crafted by Gobber using his own bare hands.

Stoick was reluctant to accept it at first since it looked _very _unstable at first but in the end it worked out perfectly.

Hiccup and Astrid shared a look, with a nod Hiccup played the first note on the piano

****(I don't own the Song "Way back into Love)****

Astrid took a deep breath as she started singing

_**I've been living with a shadow, overhead
>I've been sleeping with a cloud above my bed_

Astrid then looked at Hiccup with a slight twinkle in her eye, she smiled as she sang the next lines

___**I've been lonely for so long
>Trapped in the past I just can't seem to move on_

Hiccup then sang the next verse with a smile

_**I've been hiding all my hopes and dreams away
>Just in case I'd ever need them again someday
I've been setting aside time
>To clear a little space in the corners of my mind_

Hiccup then stood up from the stool as he and Astrid sang the chorus together while music played in the background

**All I wanna do is find a way back into love**

Astrid and Hiccup smiled at each other as Hiccup slipped his hand into hers

_**I can't make it through without a way back into love
>Ohhhh woah_

Suddenly a blinding light covered the entire room and Astrid and Hiccup were now singing on a real stage a year into the future.

Astrid strode over to the left side of the stage, she was wearing a red leather jacket zipped up slightly with a white tank top underneath. She touched hands with the people in the front row as she sang

_**I've been watching when the stars refused to shine
>I've been searching but I just don't see the signs
I know that it's out there
>There's got to be something for my soul somewhere_

Hiccup did the same thing but on the opposite wing. His hair became somewhat scraggly and he had done puberty very well with a very light stubble beginning to grow. He had a black shirt that slightly showed off his lean muscles

_**I've been looking for someone to shed some light
>Not somebody just to get me through the night_

He pointed at Astrid with a grin

_**I could use some directions
>And I'm open to your suggestion_

He and Astrid slowly walked towards the middle of the stage whilst singing

_**All I want to do is find a way back into love
>I can't make it through without a way back into love_

Hiccup twirled Astrid around and hugged her from behind

_**And if I open my heart again
>I guess I'm hoping you'll be there for me in the end_

Astrid wriggled out of his hug and turned to face him, she caressed his cheek as she stared into his eyes with a smile while the music slowed down

_**There are moments when I don't know if it's real
>Or if anybody feels the way I feel
I need inspiration, not just another negotiation **_

Hiccup imitated her actions as the music paced up once more

_**All I want to do is find a way back into love
>I can't make it through without a way back into love
And if I
open my heart to you
>I'm hoping you'll show me what to do
And if you help to start
again
>You know that I'll be there for you in the end!_

Hiccup twirled her around once more as the ending outro began playing. He pulled her close, their noses touching and as the last note played he kissed her.

The audience roared as they pulled away, both of them smiled. Hiccup turned to the audience of 5000â€¦ probably more

"Thank you all! Can we all have a nice round of applause for my beautiful girlfriend Astrid?" He asked them, gesturing to said girl. The crowd went crazy with applause. Hiccup gave the crowd a toothy grin

"Hey how 'bout me?" Jamie wrapped an arm around Hiccup and Astrid, he was wearing a black flannel shirt with its sleeves rolled up to his elbows

Hiccup rolled his eyes but smiled nonetheless "And another one for this guy" Loud cheers and echoed all throughout the place. The trio bowed at the crowd and raced backstage, laughing happily

"Oh man, what a night!" Jamie yelled as he grabbed a towel and wiped the sweat from his forehead. He then heard someone scream his name "Jamie!"

The next thing he knew a girl with ink black hair attacked him and a pair of lips were on his. The girl soon broke away, he was in a daze but as soon as his vision cleared his face broke into a crooked smile "Heather!"

He then continued to kiss her in which she returned.

Astrid and Hiccup shared a look and then both are seen stifling their laughs, Hiccup pretended to stick a finger in his mouth and puke which made Astrid laugh even harder

"Ah, that's gross. Am I right Toothless?" Hiccup asked his friend, wiping the mirth from his eyes. His eyes snapped open when he didn't hear his friend answer "Toothless?"

He turned his head around and saw Toothless and Stormfly doing the same thingâ€¦.. except it's ever grosser

"Ah geez" Hiccup sighed. He then felt a heavy hand land on his shoulder followed by a hearty laugh

"Don't you judge them Hiccup, you practically did the same thing out there and not to mention in front of like a million people" Stoick teased him. Hiccup chuckled lightly

"Yeah but it's not _that_ bad"

"But it's still a kiss lad" Stoick said smiling. He then turned

Hiccup around and beamed at him

"Son, I'm so proud of you" Ever since the incident Stoick said that a million times already but every time Hiccup heard those words his heart soared

"Thanks dad" Hiccup said gratefully

"Hey Hiccup!" Astrid called him over "Check this out"

With a nod from his father Hiccup walked towards Astrid "Hey Astrid" Hiccup greeted her as soon as he found her. They were outside of the building and in what seems to be a small garden that wasn't taken care of properly "What's up?"

Astrid giggled, which was very un Astrid. She pointed up to the sky "The stars" Which was true, stars nowadays weren't seen that often

She tilted her head upwards "You don't see stars that much anymore huh?" Hiccup imitated her actions "Yeah, I mean with Smoke Pollution and all-"

"Hiccup, don't ruin this moment by being all science-y" Astrid huffed which made Hiccup laugh. A comfortable silence then followed after

"They're beautiful, aren't they?" Astrid said out of the blue. Hiccup then stared at her, the way the moon light shone on her as if it was a dim spotlight

"I see something even more beautiful" he told her as he slipped his hand into hers. She smiled at the gesture

"Can you believe it? A year ago you were this loser who hid his true identity from the world and then we had that crazy adventure where I got kidnapped and stuff" Astrid said as if it was a nice happy memory

Hiccup looked at her weirdly "I'd say it was more than an adventure, and how come you're reminiscing about that?"

Astrid shrugged "I don't know, probably because I mostly focus on the happy parts than the sad ones"

"Well, I guess so. I mean Snotlout is behind bars, my dad finally accepts me, my wish is granted and I had an added bonus with you and Jamie and that Roaring Records offered you and Jamie a contract" Hiccup said remembering the good times

"What can you say? They wanted you that bad" Astrid said laughing lightly

"Of course they do, I mean who wouldn't want allâ€¦. _This?_" he said flexing his arms. Astrid then burst out laughing. Hiccup pretended to look hurt "Wow, I feel so loved"

Astrid kissed him on the cheek "I bet your mom is proud of you, wherever she is"

Just on cue a shooting star is seen streaking across the night sky

"Yeah" he said smiling at the sky "Happy birthday mom" he mumbled

**Yeah, I don't think this is the greatest of endings but I just wanted to finish this off since school starts in like 10 days or something like that. **
